

REDFIELD, BENCKENDORF WIN SEATS

ORDER SCHOOLROOM CUTBACK

Four Rooms Cut From Woodridge, One At Goodrich

A cut-back in school construction plans resulted from drastic reductions in available building funds - a cut-back of four of the eight rooms at Woodridge was announced by the school board.

The fund shortage resulted from an actual assessed valuation lower than had been expected for the district - bonding power of the district is \$30,000 lower than had been expected from the over-estimated assessed valuation.

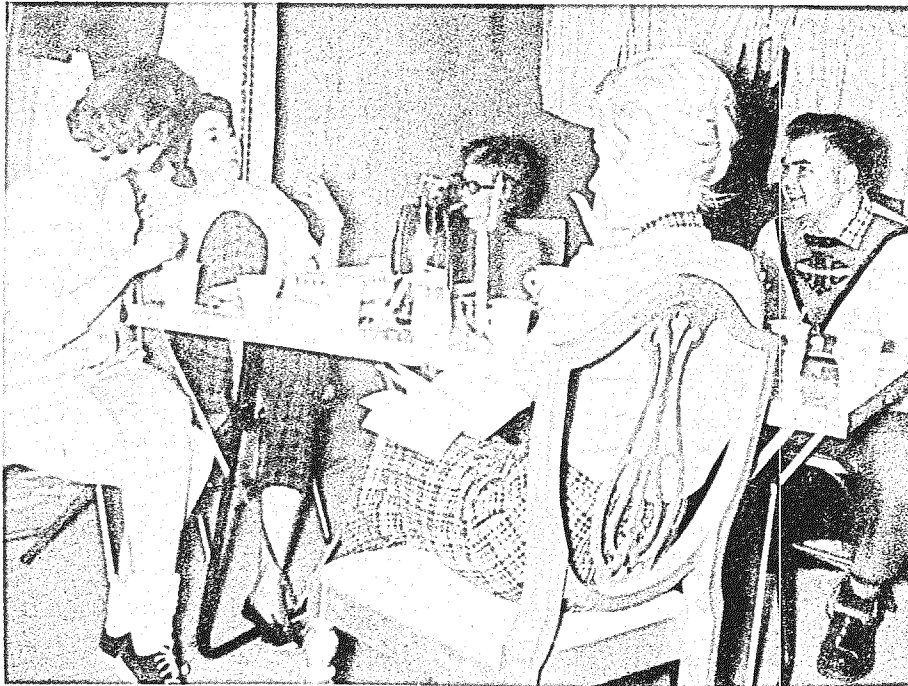

The school board planned to proceed on the basis that with tax anticipation warrants and money from Surety Builders, the plans for additions at both Woodridge and Goodrich could be completed as scheduled.

Over 85 people attended Monday night's school board meeting and heard Jack Kaufman read a statement expressing the builder's position. They (the builders) are, he said, holding the funds and are not refusing to donate the money. Their interest, he explained, is that the funds be used solely for Woodridge and that these funds were not to directly or indirectly benefit any other area.

A history of negotiations between the district 68 shows that in 1958, Kaufman & Sons Builders presented a \$50,000 check to Donald Miller, then president of the school district. This check, in addition to a fully improved 7 acre school site, represented payment for the first 400 homes to be completed in the subdivision. A contract, with the school board, further stated that \$200 per home would be paid the school district, by Woodridge Homes, Inc., for each ad-

Cast Picked For Library Play

The cast takes time out for coffee.

The cast for the play to be sponsored by the Woodridge Library Development Committee has been selected. The play, "Trapped in the Snow," will be presented at the Woodridge School on May 18 and 19.

Bob Jensen, 1215 Jefferson St., Downers Grove, is the director, replacing Keith Wenzel, who is moving out of state. Mr. Jensen is currently a member of the Grove Players in Downers Grove.

Mr. Jensen said he is very enthusiastic about the play. He pointed out that this is the first melodrama he has seen with a surprise ending.

Practice is being held every Mon., Tue., and Thurs. nights at the home of Mr. & Mrs. Thomas McGovern, 7628 Catalpa in Woodridge.

The proceeds from the play will be used to help establish a public library in Woodridge.

The cast is as follows:

Lucius Goodenough-the hero-Jim Fox, Windermere Hightower-the villain-Al Zettler; Hiram Abernathy-ranch owner-Bill Miller; Aloysius Abernathy-unexpected male-Bill Law; Melody Lane-the heroine-Faye Hoffman; Sarah Abernathy-Hiram's wife-Barb Bletcher; Aurelia Abernathy-the daughter-Evelyn Mullins; Red Wing-Indian girl-Eunice Lee; Battle Ax Annie-local sheriff-Joanne Baaske; Nellie Blyth-important visitor-Barb Cooling; Muriel Atkins-covers up real identity-Joan McGovern.

The library development committee had originally planned a vaudeville review. Try-outs held Mar. 26 and 27 resulted in an insufficient number of acts for a review at this time. However, because there was an expression of interest, the possibility of producing a review in the future has been discussed.

To Serve Three Years On School Board

Saturday voting to elect 2 members to the district 68 school board was quite heavy. Good weather, and recent problems involving the district probably account for the large number of votes cast.

Following is a breakdown of the voting:

	Woodridge-334
Goodrich - 126	
Total: 126	334
Smeeth: 89	20
Benckendorf: 22	101
Schwindy: 2	70
Redfield: 10	102
Goluch: 3	41

Wilgus Elected Fire Captain

Henry Wilgus, 7637 Woodview, is the newly elected captain of the Woodridge fire department. Formerly the 1st Lieutenant, he replaces Jerry Beirau who resigned. Alfred Lee was elected Lieutenant.

C B C Reports On Street Light Costs

A report on the cost of street lights for 3 Woodridge intersections was presented at the April 4 Community Betterment Committee meeting.

The lights, proposed for the corners of Westview Ln., Woodridge dr. and Larchwood Ln., all at 75th st., would cost \$43.80 a year each, paid yearly, or \$5.35 per month. This is the amount charged by Public Service Co. for pole, light, wiring, installation and maintenance. The light would be 7000 lumen capacity, with electric eye and mercury vapor. A similar installation, but of 4000 lumen capacity, would run \$29.40 per year each.

A delegation from the committee was asked to attend the April 5 village board meeting to present the findings to the board, to try to determine whether the responsibility for installation lies with the village or township, and inquire into the feasibility of using motor fuel tax

Wolfe Wins; O'Connell, Rende Win In Primary

246 Vote For Magistrate

Bruce Wolfe was elected police magistrate for the village of Woodridge in the special election held Sat., April 7. He will serve an unexpired term which runs 'til April, 1965. The post has been vacant since November, 1961.

Wolfe received 118 of the 246 total votes cast. His declared opponent, John Trask, had the support of 54 voters. A last-minute write-in candidate, Thomas Tangney, drew a sizeable bloc of 74 votes.

There were 2 other write-ins. Two ballots were cast for Arthur Berg, former magistrate, whose resignation necessitated the special vote. One vote was for Nick Lung and 3 ballots were objected to.

A special meeting of the village board was held Thursday, April 12, to ratify the election.

The new magistrate said of the election: "I wish to thank all the people who voted for me and all those who helped me in my campaign, especially Bill Miller, who did an outstanding job. I expect to take over in the court within the next 30 days and will welcome any constructive criticism."

Serving as judges of election were Barbara Cooling, Evelyn Arnouil, Lil Tangney, Dorothy Kraut and Lorraine Larson.

Committeemen Race

Gene O'Connell, 2936 Westridge Dr., Republican, and Joseph F. Rende, 7851 Butternut, Democrat, will continue to serve as precinct #18 committeemen for the next two years.

In the primary elections held Tue., Apr. 10, O'Connell defeated Richard Martin, 7652 Catalpa, by a count of 114 to 48. Rende ran unopposed in the election and received 64 votes.

At the Woodridge polls the Republicans received 165 votes and the Democrats 65, with one ballot spoiled.

There are approximately 700 registered voters in the precinct.

The breakdown of the other voting at Woodridge school is as follows:
Republican: U. S. Senator: Dirksen 138, Jones 26; State Treasurer: Reum 41, Scott 93 and Coburn 22; Supt. of Public Instruction: Page 101, Bottina 52; Clerk of the Supreme Court; Searcy 149; Clerk of the Appellate Court; Wunder 148, Representative in Congress 14th District: Hoffman 150; State Central Committeeman 14th Congressional District; Hollingsworth 74, Schindler 31, Johnson 50; State Senator 41st. District: Fawell 95, Krusemark 47, Zinn 22; Representative in General Assembly 36th District: Daniels 150, Erlenborn 138, Morgan Jr., 148-1/2 Rheintgen Sr., 43-1/2; Representative Committeeman 36th Representative Dist-

POLICE CONCERNED OVER JUVENILE VANDALISM

The Woodridge police department reports a series of dangerous and destructive incidents involving juveniles has occurred in the community within the last 3 weeks. Half the cases have been solved.

Caught in an unoccupied house at 7701 Larchwood Ln. Sun., Apr. 1, were two youths, 14 and 15 years old, who had broken in, damaged the thermostat and removed fuses and bathroom fixtures. They also broke a picture window in another house under construction on the

McGrath Resigns As Trustee

Joseph McGrath, 7615 Westview, resigned from the village board effective April 5. His decision, as expressed in a letter read by Village President William Roberts, was based on additional responsibility in his job and to his family. President Roberts praised McGrath for his work on the board and expressed regret. McGrath will continue as chairman of the plan and zoning commission.

same street.

A brush fire in the field north of 75th st. and Woodridge dr. was started Apr. 3 by 2 boys, 7 and 9. Firemen from Lisle and Woodridge put out the blaze.

Three children, two age 8 and one 6, alone in their home, were found toying with a loaded .22 revolver. The gun has been confiscated and will not be returned.

The owner of a new convertible automobile reported the top was slashed while the car was parked at 75th st. and rt. 53. Trustees of the girl scout camp located across from Woodridge north of 75th st. informed police that numerous windows were broken by shot from B-B guns.

A truck belonging to a plumbing contractor had all its windows and headlights broken while parked on the hill at 75th and Janes rd.

Another case involves someone breaking into an electrical contractor's truck driving it away from the hill and leaving it parked in another location.

Police report that in recent weeks over \$1,000 damage has been done to

TO THE EDITOR

A Parent Views Teen Problems

Dear Editor:

On April 3 two teen-agers visited the Woodridge Juvenile officer and police lieutenant to see about organizing some sort of teen-age organization. One of these girls goes to Youth Center in Downers Grove - once a month if she's lucky. The other one spends every week day evening at home studying and dates on week-ends - sometimes. For their trouble of going Tuesday they received a lecture on how bad teen-agers are, how they should form clubs such as cooking, sewing or something to help their future, not just dancing and entertainment. They were told that teen-age girls couldn't sew on a button or cook. Well, the three who are at my house most of the time are very good at sewing and all can cook well, and complete meals. There are no objections to a club to help them prepare for the future, but everyone needs some relaxation. Don't tell me you don't care for doing something relaxing, like dancing, bowling, or just having friends in for Canasta or Bridge. So why don't the rest of you in the parents-of-teen-agers category get together and do something for the kids?

A Parent Who Knows,

EDITORIAL

We are encouraged to see that police news concerning juveniles has now been released to the public. Only when the public is informed of the problem, by the releasing of facts (except the names of the offenders, of course) can effective measures be taken to solve the problem.

In cases involving juveniles the primary responsibility lies with the parents; but the community, because of its greater resources, has an obligation to provide the necessary programs which can serve to help keep the youngsters constructively occupied.

Some organizations in Woodridge have done an excellent job in attempting to provide programs for the children, but they have on many occasions encountered parental indifference in carrying out their programs.

Now that the public is being informed of the problem, we are confident the parents will exhibit a greater interest in supporting the recreational programs.

Village Budget Discussion Planned

The village budget for the '62-'63 fiscal year will be discussed at a special village board meeting May 1. This meeting, set up to encourage an open public discussion, will be held at Woodridge School at 8 p.m.

The proposed budget for general administration totals \$14,810 and for the police department, \$10,730, a total of \$25,540 for the year May 1, 1962 - April 30, 1963. The \$14,810 general administrative figure includes \$6,540 for salaries; \$1,320 for supplies, material and telephone; \$2,400 for rental of space and equipment; \$2,800 for legal and audit services; \$1,750 for travel, insurance, bonds and contingencies. The \$10,730 amount proposed for the police department includes \$7,480 for salaries; \$1,700 for maintenance and equipment; \$750 for operating costs; \$300 for insurance and bonds and \$500 for contingencies.

The total anticipated income figure, \$25,540 includes estimated income from building permits, \$11,000; fines and court costs, \$1,000; dog licenses, \$140; surplus \$3,700 and property taxes, \$9,700.

President William Roberts said that if it is necessary to cut back, he has changes in mind that will reduce the total budget from \$25,540 to \$21,580.

One item directly affecting the budget for the coming fiscal year is an increase from \$50 to \$95 for rental of the village hall. This change is effective May 1, 1962,

County To Crack Down On Dog Owners

More drastic steps are to be taken against dog owners who allow their dogs to roam at large contrary to both the statutes of the State of Illinois and the ordinances of the County of DuPage, according to Dr. H. S. Brundage, county veterinarian and rabies control officer.

"Hereafter, according to provisions of the County ordinance, any dog at large that is picked up will result in its owner being charged \$5 for the pickup and \$1 a day for board until such time as the animal is claimed.

"In addition," Brundage continued, "The owner will be brought into court. The laws and ordinances provide fines up to \$200 for each such offense. We intend to prosecute to the limit. The statute also provides a fine of up to \$200 for permitting a female dog 'in season' to roam at large."

under a new lease with Surety Builders.

The proposed budget for '62-'63 for the streets and alleys totals \$9,388. This includes \$4,950 for maintenance of arterial streets. 80.2% of the streets in Woodridge have been designated as arterial. \$1,000 has been proposed for maintenance of the non-arterial streets. The other proposed amounts are: other salaries, \$300; new equipment \$1,550; maintenance, \$375; operating costs, \$345; insurance, \$368 and contingencies \$500. The anticipated income of \$9,388 includes \$3,000 from vehicle licenses, \$3,600 from motor fuel tax refund and a surplus of \$2,788.

A Volunteer's Wife's Opinion

Dear Editor:

I have read letters against the village barn and heard slurs galore against those who are in office and I would like myself to be heard as I am fed up with people such as this "Village Dump Area Resident."

Don't get me wrong. A new community center that would house the fire truck, squad car and other village vehicles would be wonderful. BUT -- what do you people expect from a small village that's only three years old? Are you people who are doing all this moaning about this building so wealthy that you can afford additional tax upon tax so we can have a new building immediately? What good is a fancy building for cars and trucks when our children are faced with double shifts and half day schooling. Goodness sakes, you gripers, grow up! Which means more to you?

You should be darned thankful you have a fire truck and inhalator so close. Do you know each fireman has a resuscitube in his glove compartment and the training to use it whenever called upon? Ask any person who has had need of these facilities. Do you realize what risks these volunteer policemen and firemen take when a call comes in? These men are not paid by the hour to help a child resume normal breathing, or to pick up Mrs. Doe's dog because he ran on Mrs. Jones' lawn. These men have other jobs that they and their families depend on. If a policeman is shot at and wounded by some child playing with a real gun, or a fireman is hospitalized because of severe burns while putting out a fire, they are not compensated for time financially lost from their regular jobs or from the village.

Let your voices be heard at the right time and put those words to use for things that are more important at the present time.

When they begin to paint the village barn it would be nice to see all these gripers with a paint brush or flower seeds helping the others, rather than scowling like a bunch of kids behind their drapes.

Very truly yours,

Mildred Chrastka
were
today
today

Note Of Thanks

Dear Editor:

It is my desire to express my thanks to those people who requested, worked and voted for my services, as police magistrate; this was a very wonderful and humble feeling.

Though I did not win the election, I gained a considerable amount of knowledge and experience talking to many of the people thru out the village, determining the many duties of police magistrate and finding the enjoyment of campaigning for an elected office in the short period of time that I had.

Though I have already expressed my congratulations to Bruce Wolfe, I wish to congratulate him again publicly and to express my feeling that Bruce will give to the community the time, intelligence and common sense necessary to do a good job as police magistrate.

Sincerely,

Tom Tangney

Defends Barn Committee

Dear Editor:

As a member of the past barn committee, I feel obligated to inform the residents of Woodridge of our side of the barn issue. So many persons have indicated that they have not heard of the entire story.

When the residents of the immediate area, Crabtree and Woodview, moved into their new homes in the summer of 1959, we were told that the barn was only a temporary construction storage area (building was not completed) and that the barn would be torn down as soon as the construction site was moved eastward. In fact, some have letters from the builder stating this fact - they read that the probable date for the barn's removal would be the middle or last part of 1960, at the very latest, the spring of 1961! Does anyone have an up-to-date calendar?

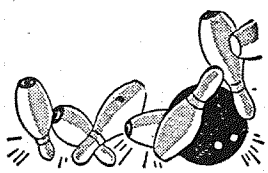

During this time the village was incorporated and the first village board approached the Lisle Fire Protection District about the possibility of having one of their trucks moved to Woodridge. This District extends from Butterfield Road on the North to 83rd Street on the South - therefore this area is in a section that does have fire protection, truck or no truck within the physical boundaries of Woodridge. A contract was then agreed to between the Village and the Fire District for a truck in Woodridge to be stored in a barn rented from the builder for a reasonable sum of \$1 per year. This was not a contract for one year, two years, or even three years, but a period of five years. Calendar handy? Let's see, that brings us up to the year 1965.

Last summer, when no removal of the barn was visible, the residents approached the village board and were invited to attend an open hearing about the situation. At this time we were informed by the village president of the necessity of the barn for fire protection and that this was the least we could do for the village! (Let's take a peak at what IS stored in the barn. The police car and dump truck with snow plow at present. I understand that a tractor and a street broom are coming soon to increase the belongings of the village.)

The interested residents then formed a committee to see what could be done. Many hours were spent in discussing various proposals, buildings, and locations with the builder, etc. A local architect offered to draw up plans for a building to house the fire truck. (Remember, this was the reason for having the barn.) This was done. Since then we have been "condemned for any action which we have taken." I'm sure that the architect will not offer again to do this free for the village, nor will those who have put forth efforts in this direction.

Last year, the entire area voted a bond issue to build a new building in Lisle for the equipment that belongs to the District. It's cost was \$90,000 and that action cost the individual tax payer the sum of \$4.64! The suggested plan had a probable cost of

\$10,000 plus land. Would this cause too high of an increase in taxes in order to have a decent fire department? I personally think not.

Sincerely,
Lois Demmin

P.S. If YOU would like to voice your opinion in this matter, please contact the Fire District Board. On April 9, 1962, they were informed that NO ONE objects to the present arrangement except one person who lives across the street from the barn. I think it's wise to keep in mind that this is the issue at the present, next year it might be the ditch behind your lot or the vacant area at the end of YOUR block and then we might be able to help or at least you would have the encouragement from all of us in Woodridge.

A Teen-Ager Speaks

Dear Editor:

This problem may not sound very important to you, but to us teen-agers it is very important.

There is a rising increase in Juvenile Delinquency in the Village of Woodridge. Do you know why? Well the answer is very simple: THERE IS ABSOLUTELY NOTHING FOR TEEN-AGERS TO DO IN WOODRIDGE. Where is the big recreation area to play in? Where is the shopping center that was supposed to be built a few years ago? Where is the baby-sitting club?

People sound very shocked when they hear about kids (not just teen-agers) breaking windows with B-B guns, damaging houses, bending street signs and roaming the streets at 10:30 on week-days. Whose fault is it? It is the parents' fault. Why? Because the parents do not take interest in special activities for us.

I feel that if half of the teen-agers' parents would donate part of their free time to teen-dances, form a few clubs, such as: art, cooking, sewing, etc., we teen-agers would be better off.

Why weren't the teen-dances, held at the village hall and the school gym, a success? A few kids spoiled it for the rest of us. I thought these dances were TEEN dances? I went to a few of these dances and a good number of the boys weren't even twelve years old.

I feel that sixth and seventh graders do not belong with high school kids. The grade school boys try to show that they can act older by doing wrong things, and they don't realize they are only starting trouble. So in my opinion these teen dances should allow just teens.

I hope the parents reading this will think about their teen-agers and donate some of their free time and get a few clubs and other activities started to occupy our time. Please remember that all teen-agers are not bad or wild. If the people out here would give us something to do, most of the teen-agers would enjoy themselves, keep themselves out of trouble, and not regret living out here. So please parents, help us, we're counting on you.

Garden Clubbers Plan Potluck Dinners

The April meeting of the Woodridge Garden Club was held at Dorothy Moxley's home, 2914 Everglade ave., April 12.

Mrs. Meller of Meller's Greenhouse, Lemont rd., was the guest of honor for the evening. A very informal discussion of house plants and their care was the program of the evening. At the close of the meeting Mrs. Meller presented everyone with a potted house plant, and members exchanged slips of plants they had brought with them.

It was decided during the business meeting to have a pot-luck dinner for the closing sessions of this year's program. The decorating committee will consist of Marie Di Francesco, Mary Hill and Nancy and Bob Wendt. The program for the evening will be under the direction of Elsie Howie, Marcia Eggen, Lottie Ladniak and Flo Benckendorf. The menu will be arranged for by the following: Elaine Franz, Ruth Trondsen, Mary Ellen Rice and Evelyn Sievert. The clean-up troop will be directed by Ursula Krueger and Marie Di Francesco.

New Communications Twist

By Sue Towner

During the past few years many rural and suburban residents have adopted a convenient and interesting means of communication between home and office, or home and auto. Officially it is called citizen band radio, shortened to "C.B." by those in the know. C.B. clubs and C.B. magazines are cropping up everywhere, attesting to the popularity of these compact little "rigs."

There are about a half dozen "rig" owners in Woodridge. Originally C.B. was used exclusively for business

purposes. Salesmen, who make calls during the day, may use it for communication between office and car. Garages and gas stations can dispatch service trucks from one place to another without the necessity of the driver's returning to the garage. Certainly everyone has heard of "radio dispatched" cabs. Rural area doctors use it between office and car to expedite house calls. A good example is Hankinson Lumber Co. Mr. Hankinson uses C. B. radio to communicate between home and store, store and delivery trucks. J. T. ("The Voice of Lisle") Hankinson obtained the first C. B. license in this area--now carries several brands of radios, and probably the most complete line of C. B. accessories in Du Page County.

Briefly explained, a C. B. "rig" consists of a receiver and transmitter (tranceiver) in a single, compact unit. They are easily installed in cars or trucks. Of course, you must also install a special antenna. Thus you have a mobile unit. A "base station" consists of the same type "rig" with a larger antenna. There are many types and sizes of antennasthat may be used on "base" subject to personal preference and the rules set forth by the F. C. C. Talking range may be anywhere up to 25 miles, dependant on type of antenna, weather, etc. Base to base communication may be achieved over a longer distance than mobile to base, because of the limited range of auto antennas.

It is possible to purchase a complete mobile-base station for about \$300.00. This would mean buying one of the many kits available, and might be fun for the "do it yourself" fans.

To further illustrate the growing popularity of C. B., I note that they are being organized along with "hams", in Civil Defense units. Last month C. B. 'ers came from all over the country to attend a two day convention at the Morrison Hotel, and finally I notice that Ford Motor Co. has listed C. B. radios as optional equipment on all 1962 cars and trucks.

For those who are interested in an efficient communication system, that can also be an interesting hobby, look into Citizen Band radio. I warn you, it can be habit forming, and of course you'll have to learn a whole new vocabulary. So, best of 73s and 10-7.

C B C PROMOTES CLEAN-UP WEEK END

Cont. from page 1

monies to pay for the lights.

Other business at the C. B. C. meeting included a decision to promote Clean-Up Week-End on Sat. and Sun. Apr. 28 and 29. Residents are requested to spruce up the areas in front of and behind their homes and to sweep the street adjacent to their property.

It was also announced that there will definitely be a 4th of July picnic this year. Three or 4 sites for the outing are under consideration.

The committee's next meeting is scheduled for 8 p. m. Wed., April 25, at the V. F. W. post headquarters.

Fireman Discusses Hydrants Woodridge Fire Fighting Facilities Inspected

A Lisle fireman commenting that he had observed 50% of the hydrants in the Meadows installed backward - the 5" port on the house side which would mean parking the truck on the lawn. The developer of the Meadows is changing the hydrants.

The fireman said that the point of his telling this was that he felt that all the hydrants should be checked. During the discussion that followed, the point was brought out that there are about eight different water companies in the fire district and there is no standard agreement between the fire protection district and the companies.

The franchise the Woodridge Sewer and Water Co. has with the village of Woodridge establishes the function of the company in relationship to the fire protection district. A part of the franchise states that in compliance with its undertaking to furnish suitable water for private and public use and fire protection the corporation shall thoroughly flush out all dead-ends of water mains as often as may be necessary and shall thoroughly flush out all hydrants located upon its water mains at least once annually or as often as may be necessary. The Corporation shall make frequent inspection of the hydrants and shall use every reasonable means to keep the hydrants and mains in as good operating condition as possible.

High School Election Judges

Judges for Woodridge School precinct for the Downers Grove High School Dist. 99 election April 14 were Helga Scudder, 7600 Woodward, Downers Grove; Marge Martin, 7652 Catalpa, Woodridge; and Emilie Weinfeld, 2636 Southcrest, Downers Grove.

The Illinois Inspection Bureau has inspected the fire fighting facilities in Woodridge, said Mr. Moulds president of the Lisle Fire Protection district. When queried as to whether there would be a change in the rating, Mr. Moulds said, "no". The rates vary from 1 - 10 depending on the water system, the fire department, method of reporting fires, conditions affecting operations and the effectiveness of the local building code and fire prevention code.

When Woodridge received its first rating, the village was not yet incorporated. The area was classified with a rate of 9.

In July of 1960 the fire engine became a part of the Woodridge scene. Another advance in fire protection is the plan for improved communications with the installation of a telephone fire alarm system in the homes of the Woodridge firemen. The men, many have been with the department some time, are gaining in experience. Jim Norris of the Chicago fire department is an honorary lieutenant, an expression of gratitude of the men for the time he has given in training in first aid and fire fighting. Another improvement is that the fire protection district is purchasing a hose dryer. This is to prevent hoses from rotting and then splitting while under the pressure of fire fighting.

ditional home constructed after the first 400.

At the time of the dedication of the Woodridge school building, last Nov. 5, there were 410 homes completed. Jack Kaufman presented Don Miller with a check for \$2,000 as payment for 10 homes at the dedication ceremonies.

Several board members including John Dahlberg, newly elected president of the school board, said that the board must look out for the interests of all the children in the district and that the contract did not restrict use of the money to Woodridge.

Many attending expressed their views, most with the hope of effecting construction of the eight rooms at Woodridge.

The school board said that they would consider all that was said before taking any further action. Further discussion was postponed until the next meeting of the school board.

Because Monday night's meeting was three days past the dead-line - further news coverage of this meeting will be in the next issue.

WAA: Past History, Present Plans

By Ramona Kinser

A disease peculiarly merican in origin, that much like Asian flu has found its way around the world, reaches epidemic proportions when April tops the calendar. Along with spring fever, baseball fever infects city dweller and suburban folk alike. No one is immune - youngsters oldsters, and everyone in between, shut-in or active athlete - all categories succumb. Symptoms are easily discernible - a newspaper opened to the sports page; a transistor excitedly proclaiming hits, runs and errors; or a flock of kids eagerly congregating at the nearest vacant lot hopefully emulating Willie Mays, Ernie Banks or Roger Maris.

It was to provide proper facilities and equipment for this latter group - many of whom have never owned their own bat, ball or mitt - that the Woodridge Athletic association was begun.

In the organization's starting line-up early in 1960 when it was chartered were Edmund Gilbert, president; William Roberts, secretary; Virgil McPherson, treasurer; Ned Hill, John Narducci, Charles Hague, Bob Towner, Dick Lee, and Oliver Krueger, trustees. Active on the team then or still active are Shirley Jayne, Bernice Jantzen, Bob Arnouil, Phil Zuccaro, Phil Amoruso, John Moxley, Joe McGrath, Syle Jayne, Jack Collins, Bill Miller and Harvey Moe. The men were literally managers, coaches, trainers and ground crew combined for the four teams that evolved in the 9-12 age bracket.

Much preliminary work was necessary before the first cry of "play ball" was heard. The field at the corner of 75th st. and Woodridge drv. was leased in 1961 from Mr. Kaufman of Surety Development for a 3 year period. It had to be cleared, leveled, mowed and planted. Much work again is required to make it a playable diamond. Because time is short and the number of active working members of the W.A.A. small, professionals will be hired to rototill, level, and sod the field at the cost of about \$400. Proceeds from the annual St. Patrick's day dance, the only real fund raiser sponsored by the W.A.A. will be used. The association could save money for other activities if more of its 280 members were to come out and help. In fact, according to President Bob Arnouil, the club has been prevented from scoring many times on proposed activities because of poor turnout at meetings. A certain percentage of members is necessary to approve expenditures, and it is often months before enough people can be prompted to attend.

If there is a shortage of adults in the grandstands, there is no lack of players on the field. The kids turn out in force. Fifteen boys are on each of the 4 teams that play league ball. They are sharply outfitted in professional-looking light gray uniforms, the Cubs with royal blue lettering, caps and socks; the Sox, green; the Braves, red; and the Yankees, navy blue.

To groom the players for the major leagues is not the aim of the W. A. A. Though there are no professional coaches, the men give the best instruction they are capable of. The game these boys play is less competitive than actual little league with the accent being on teamwork and sportsmanship. There are no awards other than the reward of a whole summer of recreation.

Even the 17 boys, 13 and 14 years old who play in the pony league against 3 Lisle teams, the Reds, Greens and Blues, do not compete in that league's All-Star game, because of the game's emphasis on individual accomplishments rather than team effort. This is the only team whose expenses are not covered by the W. A. A. Mr. Kaufman pays for uniforms and equipment for the Woodridge team, which has again been invited to participate.

Besides the above numbers there are over 40 boys, 7 and 8 years old who receive instruction in hitting and fielding and put their learning to a test in a team workout; plus forty-some girls, 9 to about 16, who play soft ball.

This is the schedule: Mon., Wed. and Fri. evenings - "little league" games; Tues. evenings - kids under "little league" age; Sat. afternoons - practice sessions; Mon., Tues., Wed., and Thurs. mornings and afternoons - girls' softball; Sun. - when make-up games are not scheduled, the field is free for adult soft ball.

A fee of \$2.00 is charged before kids can play. This goes toward the cost of accident insurance. The W.A.A. also carries public liability and property damage insurance.

Some past and present contributions of the organization include:

Co-sponsorship of the 2nd annual 4th of July picnic, sponsorship of Teen Dances at Woodridge gym, (dropped due to lack of cooperation from parents, the association hopes to resume the dances in the fall.), sponsorship of Cub Scouts, adult and children's ping pong tournaments, summer classes in handicrafts for girls under 9 years (these will be held again at no cost), ice skating rink, 2 St. Patrick's Day dances, the first community directory ad book, donation of 400 books of all types to village library committee and instructions in archery to be given by Joe McGrath starting soon. (Shades of William Tell!)

The Woodridge Athletic Association would like it to winning the pennant and World Series if: Its members would join the board members and their wives at meetings; It could be sure of the moral as well as physical support of the community and You might say their plea is -----

SYLVAN GREEN NURSERY
5506 BELMONT ROAD DOWNERS GROVE, ILL.
WOodland 8-5071

"WHERE A GUARANTEE IS PART OF EVERY SALE"

This is our slogan here at Sylvan Green Nursery. We think it best tells of our attitude of obligation to our customers who have so kindly chosen us to landscape or furnish material for their home planting.

"IT'S THE LAW"

Some of you probably do not know that a law has been passed to protect nursery stock customers from unscrupulous dealers. It is now mandatory for all persons offering nursery stock for retail sales to label each tree or bush as to its point of origin. This is to protect you from getting non-hardy southern grown nursery stock.

We pledge ourselves to give you only the finest nursery stock available. What little plant material we do not grow, we purchase from known reliable growers of hardy northern grown stock.

You are always welcome to come to our seven and a half acre nursery and browse around without buying anything. We are always happy to discuss any planting problems you might have.

We offer free of charge a landscaping service which insures you complete satisfaction. We will make a sketch of your home and show you pictures of the plant material we propose and give you an estimate with or without planting. Then, you can come to the nursery and see the trees growing.

ITS TIME TO PLANT AND FERTILIZE YOUR LAWN

We offer free of charge, for the first day, the loan of lawn seeders, fertilizer spreaders, aerators and lawn rollers. After one day, the charge is fifty cents a day.

We rent sprayers for fifty cents a day. We have one sprayer for insecticides and one for week killers. You therefore will not get damage to your trees and shrubs by a careless "washing".

F R E E !

Each week at the nursery, we are giving away one Colorado Spruce (average value \$7.50) to some lucky customer. One purchase of nursery stock entitles you to a chance to win.

WE GIVE S&H STAMPS

Attention:

WOODRIDGE PARENTS

Due to the great increase in vandalism and property destruction that has occurred in recent weeks, we are again asking for your cooperation in keeping children away from construction areas.

We appreciate the fact that new construction is attractive to children, but it is also very hazardous. We are concerned about the property damage, but also concerned about the safety of the children.

We must, therefore, announce -- regretfully -- that we have no recourse but to file charges against persons found in unauthorized places. This is required by our insurance company, and is effective from this date of publication henceforth.

Teen Talk

by Barbara Arnouil

"South Pacific", an operetta was presented at D. G. H. S. by the A Capella Choir. From what I heard it was very good.

The "Pretzel", a twist party was held at the youth center April 14. It was from 8:30 'til 11:30 and admission was 50¢.

May 5 there will be a Frosh-Soph Sportnight picnic. I don't know anything about it yet but it's nice to know just in case you're going to run away before then.

"The Guilded Cage" will be held May 12 at D. G. H. S. Roaring Twenty costumes are optional. Oh, if you are wondering what it is, well I'll tell you -- Its a G. A. A. - Y teens turnout dance!

The Woodridge 8th graders got their class pins May 12. I haven't seen them yet but I know they are blue.

A few weeks ago a base-ball team was formed. Any one, well - any boy, in seventh or eighth grade can play. They play against Goodrich.

Well, --- So Long.

4-H Club News

Our monthly meeting was held on April 10 at Mr. Morrison's house.

Lilliane Meyers was selected by the club to go to the University of Illinois to represent us at 4-H Club Week, (June 20-June 22). Clem Castaldo was chosen as the alternate.

Each member read two of the hazards which they had found in their homes or yards. This ended our Hazard Hunt which was from March 27 - April 10.

The Lace and Woodridge 4-H clubs have combined together to make a Garden Club for all the members who are enrolled in flower and garden projects. The first meeting will be held at Mr. Hauser's house, 5243 Carpenter, Downers Grove, April 27 at 7:30 p. m.

Next meeting May 8, 7 p. m.

Village Purchases Tractor

A tractor has been purchased by the village. The tractor, costing \$650 plus tax, will be used for work on Woodridge streets, snow plowing cul-de-sacs and for loading salt and cinders. Stan Paplaczky, superintendent of public works, and Al Lee, assistant superintendent of public works, explained to the board their need for the tractor and the advantages of having this piece of equipment. Paplaczky and Lee said that they had looked into the cost and condition of second-hand equipment of this type and that they felt that this was a good buy.

Future Juvenile Misdeeds To Be Prosecuted

Cont. from page 1

builder's property near the proposed shopping center site.

To date, no charges have been pressed against offenders, but Trustee Walter Larson, head of the public protection committee, and Juvenile Officer Jerry Szczepaniak stressed the fact that any future misdeeds will be prosecuted. This would result in an appearance in family court with resultant mark on the child's record and possible detention in a juvenile home.

Both men pointed out that parents can be held liable for the offenses of their minor children at the incurrence of great expense and embarrassment.

Trustee Larson stated it is not coincidence that most of the mischief occurred during the week of spring vacation. It is at such times, he said, that a rash of incidents usually takes place. For this reason, both he and Officer Szczepaniak ask parents to be sure to know where their children are, whom they are with, and what they are doing, during the coming summer vacation.

The juvenile officer lauded witnesses who called to report an incident as it was happening. He said that by apprehending a young offender early he can be prevented from getting into serious trouble.

WHOA Allots Funds To Picnic

George White, president of the disbanded Woodridge Homeowners' Association, reports that on April 11 a check for \$123.09, representing the balance of the association's treasury, was presented to the V. F. W.

The sum is to be used for the WHOA's participation in the 4th of July picnic.

Mothers Club Cookbook Sale To Begin May 15

On May 15 the Mothers Club will put on sale for \$1.00 per copy a cookbook compiled and published by the club. The book entitled "From the Kitchens of the Woodridge Mothers Club" contains over 95 pages of favorite recipes contributed by members of the community. The various sections contain recipes: from appetizers, main dishes and casseroles to salads, desserts, cakes and cookies. The cost of publication has been covered by the sale of advertisements. The profits from the book will be used for the purchase of school equipment.

Also at this time a new character will be introduced to the community. Wendy Woodridge, created by Sue Aufmann and named by Barbara Bonk, will appear on the cover of the book along with the new Mothers Club emblem.

Tattle Tales

Sue Towner

Sorry we missed last issue, so here we are trying to catch up.

A "coffee" was held the end of March at the home of Ginger Swierbinski, 2934 Forest Glen, to celebrate the birthdays of five neighbors, all of which occurred during last month. The birthday girls were Dorie Keller, Shirley Miller, Ethel Ashcraft, La Verne Bryant, and Ruth Reisinger. Helping them to celebrate were Mary Lou Hartfield, Dee Anderson, La Verne Tucker, Betty Wolfe, and Geane Modersohn.

This group of ladies is among the most active in the community, "socially!" Either the rest of our "gals" aren't doing anything, or they are publicity shy!

Spring has surely arrived, as all the local gardeners can be seen exercising their green thumbs. Horace Thoresen is one of the busiest, and of course, his yard shows the results. You can't fail to notice his lovely roses as you go by on Westview, and last fall the mums were perfectly beautiful.

Get wells to two Woodridge residents who are faced with long recuperations. Shirley West, of Crabtree, who is at her mother's home in Southern Ill., after major surgery. It will be at least a month before Shirley will be well enough to return home.

Also Mrs. Mary Ann Dopp, of Jonquil South, who has been seriously ill, and will probably spend a month or more in the hospital. Mary Ann's daughter tells us she would love to receive cards so we will include her address. Mail to: Presbyterian-St. Lukes Hospital, 1753 W. Congress Parkway., Chicago 12, Rm. 342.

May the 23 stitches on your hand heal real fast, Al Lee. Al injured his hand while working on the village barn.

The Ronald Baileys, 7632 Catalpa celebrated birthday week at their house. Ron's birthday was April 2, Peggy's on the 4th and Sharon's 3rd birthday on the 10th. We hope you all had very enjoyable birthdays.

STORK NOTES

A new resident for Woodridge at the Frank Vymetal's, 3020 W. 76th St., Gaye Marie was born March 6th.

ST. JOAN'S SPRING FESTIVAL

A Spring Festival--for fun and fund-raising--is in the final stages of planning at St. Joan of Arc. The Festival will be held April 28 and 29 at the parish school. Mrs. Robert Connelly, general chairman, has announced that members of every parish organization are participating in the event.

Mrs. Melvin Bieschke will be in charge of the spaghetti dinner scheduled Saturday, April 28, from 5 to 8 P.M. and Sunday, April 29, from 1 to 7 P.M. in the parish hall. Prize chairman is Mrs. Robert Vose. Over-all decorations will be under the direction of Mrs. John Karnik.

Booth chairmen are: Mrs. Kevin McManus, religious goods; Mrs. Donald Collins, stuffed animals; Mrs. William Cuff, sporting goods; Mrs. William Bartkowski, refreshments; Mrs. Frank DiDonna, toys; Mrs. George Sweddie, lamps and linens; Mrs. George Campise, candy; Mrs. George Dickey, small appliances; Mesdames Michael Rehak and Donell Downing, handmade goods; and

Mr. Ray Peters, cartoon booth.

Another booth, to be called the Gift Shop, will feature handmade articles designed for gift-giving. Mrs. Connelly mentions that Mesdames Anton Vodicka and Sam Kartsounes have contributed a number of articles for this. Anonymous donors from all parts of the parish have also fashioned articles for the Gift Shop.

Other Festival committee heads are Messrs. Kevin McManus, Henry Wagner, Ed Blazek and Elmer Miller. Posters have been made by Miss Carolyn Jelinek.

All of the grade school faculty members and all of the pupils will also take part in the Festival according to the principal, Sister Mary Denis, O.S.B. The eighth grade classroom will be converted to a theatre for the two days. At 45-minute intervals a class will present a play there. Each class is preparing a presentation. To illustrate the variety of the productions, Sister cited these examples: a sing-along program, a patriotic skit and a minstrel show.

During the Festival other classrooms will be turned into "stores" highlighting such wares as dolls with handmade wardrobes, toys, groceries, and post office packages. A Disneyland theme will be spotlighted in one room; a cake walk will be held in another.

Mrs. Robert Kruml has made arrangements for miniature rides to be set up outside the school as part of the Festival festivities.

Taxes Increase In Woodridge Area

The tax rates and assessed valuations have been released by the county clerk's office.

The valuation of the village of Woodridge is \$3,041,180. The tax levy for the village of Woodridge is .087% or \$8.70 per \$10,000 assessed valuation.

The Community of Woodridge is broken down into five different tax districts.

These districts are:

Village of Woodridge
Lisle Fire Protection District
Grade School District 68
High School District 99
3.304% or \$330.40 per \$10,000 assessed valuation.

Village of Woodridge
Lisle Fire Protection District
Edward Hospital District
Grade School District 68
Naperville High School District 107
3.552% or \$355.20 per \$10,000 assessed valuation.

Village of Woodridge
Grade School District 68
High School District 99
3.232% or \$323.20 per \$10,000 assessed valuation.

Village of Woodridge
Lisle Fire Protection District
Edward Hospital District
Grade School District 68
High School District 99
3.445% or \$344.50 per \$10,000 assessed valuation.

Unincorporated area of the Woodridge subdivision

Lisle Fire Protection District
Edward Hospital District
Grade School District 68
High School District 99
3.358% or \$335.80 per \$10,000 assessed valuation.

Following is a breakdown of where the money will go based on \$10,000 assessed valuation of property in the unincorporated area---

DuPage County \$20.50
Retirement
Civil defense

County highway dept.
County health dept.
TB sanitarium fund
Special bridge tax
Maps and plats
Forest Preserve \$2.20
Lisle Township \$20.80
Township poor relief
Roads and bridges
Hard road tax
Edward Hospital \$14.10
Lisle Fire Protection District \$7.20
Grade School District 68 \$157.30
High School District 99
Downers Grove \$113.70
Community High School \$335.80

In the four tax districts in the village of Woodridge the tax breakdown on \$10,000 assessed valuation would be the same as the preceding figures for the county, forest preserve, Lisle township, Edward Hospital, Lisle Fire Protection District, grade school district 68 and high school district 99. Additional would be the \$8.70 per \$10,000 assessed valuation for the village.

The rate for Downers Grove High School district 99 dropped from 1.144 to 1.137. The rate for grade school district 68 increased from the 1960 rate of 1.488 to 1.573.

The tax rate for a particular home can be determined (with some degree of accuracy) by applying the following information. The Lisle Fire Protection district includes all of the Woodridge subdivision except an undeveloped area east of Janes rd. The only part of the Woodridge subdivision in the Naperville High School district is that area on Everglade west of Westview ln., the rest of Woodridge is in the Downers Grove High School district.

The Edward Hospital district includes all of units 1 and 2, lots 1-204. In unit 3, lots 2, 3, 4 and 5 are included and the following lot numbers: 205-211, 215-220, 222-237, 293-303, 327-329 and 532-539. In unit 4 lots 545-553 and 568-578 are included in the district.

Library Committee Nets 550 Books In Drive

The Mar. 31 book drive by the library development committee resulted in a collection of 550 books - 400 of them were donated by the Woodridge Athletic Association.

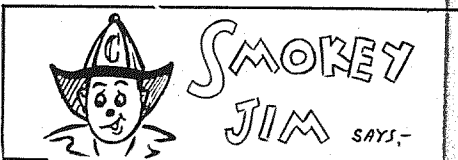

At the April 5 village board meeting Trustee Bob Murphy, library coordinator, said that the committee expected that library service would be available by the first week in September. He said that the committee members are preparing themselves as librarians and library board members. The village will appoint a nine member library board. At this same board meeting Village President William Roberts said that the boards of the W. A. A and V. F. W. had met and that it has been agreed that a percentage of the receipts of all booths at the 4th of July picnic will be turned over to the library program.

BROWNIE LEADERS TAKE FIRST AID COURSE

Flo Benckendorf and Lois Demmin, Brownie leaders, are taking a First Aid course at the Village Hall, which is offered by the Red Cross. This course will be an aid to them on field trips and during Day Camp. Day Camp will be held at the Maple Grove Forest Preserve July 17, 18 and 19 of one week and July 24, 25, 26 of the following week. The girls in the troop are being registered for camp now.

Prevention is Priceless.
 Cure is a hard teacher.
 Don't clean lawn mowers indoors with gas.

Barn Discussed At Fire District Board Meeting

At the Lisle Fire Protection district April board meeting, Trustee Vial questioned the Woodridge firemen about "trouble over the firebarn" that had been reported at the March meeting. Captain Henry Wilgus of the Woodridge division said that it was "just one individual living across from the village barn who felt that his property was de-valued" by the existence of the barn. Lieutenant Leroy Smith pointed out the arrangement the village of Woodridge had with the builder to lease the barn for \$1 a year and of the arrangement the village then made with the L. F. P. D., a five year agreement that the village would provide proper facilities for equipment provided by the fire protection district. He said further that the village was to have installed water and toilet facilities in the barn, and Woodridge firemen would attend the next village board meeting. Smith said that actually the village barn houses not only the one piece of fire fighting equipment but houses the village squad, tractor and snow plow. Captain Wilgus commented that the developer owned another barn to the east and there had been some discussion about moving the fire truck. Trustee Vial asked if there had been some discussion of when Wilgus said he didn't know.

PASTOR SWANSON INSTALLED AT APRIL 8 CEREMONY

April 8 Pastor John E. Swanson was installed as pastor of the Prince of Peace Lutheran Church. Dr. O. V. Anderson, president of the Central Conference of the Augustana Synod, officiated at the installation and preached the sermon. Special services will be held during Holy Week. April 19, Maunday Thursday there will be a Holy Communion Service at Woodridge School; two services will be held on Good Friday: one at 1 p. m. at the Lisle High School in co-operation with the churches of Lisle and a Tenebrae Service at 8 p. m. at Woodridge School. The Easter Sunday Worship Service will be held at 9:30 a. m., and there will be no church school.

Rev. Robert Savage Is New Baptist Church Pastor

Rev. Robert Savage has been called as the first permanent pastor of the Village Baptist Church of Woodridge. He began ministering to the congregation on April 8, 1962. Rev. Savage came recommended by Rev. Henry Lovik, regional director of the Conservative Baptist Association. At present, Rev. Savage will be in the village on Sundays, preaching at both the morning and evening services as well as conducting the adult class during the Sunday School hour. On May 1 he and his wife will be moving to Woodridge and will reside in the church building at 7654 Woodview drv. Until then, he will be available from 4 to 5 p. m. every Sunday for anyone who wishes to speak with him. Rev. Savage was born in Detroit, Mich., Dec. 23, 1933. He graduated from Rockford High in Rockford, Michigan, and then continued his education at Kansas City Bible College 1955-1959. He is at present enrolled at Northern Baptist Theological Seminary. In addition to the required courses, he has taken special training in psychology. Rev. Savage has worked as youth director at the Glendale Baptist Church, Hickory Grove Baptist and Roanoke Baptist Church, all in Missouri. The past three years he has been at Mt. Pleasant Baptist Church, Chicago, Ill. Rev. Savage would like to take this opportunity to invite everyone to attend the Church services. Easter Sunday there will be a change in the regular schedule. There will be a 9 a. m. Worship Service for the early risers, followed by the Sunday School Easter program at 9:45 a. m. The regular Worship Service will be at 10:30 a. m. with a Junior Church for the youngsters. Rev. Savage's sermon topic at these services will be "The Resurrection Hope". The 7 p. m. Evening Service is entitled "An Easter Evening Walk." High School Board Candidates The April 14 Downers Grove High School election held Saturday filled three vacancies. Unopposed for 3 year terms were Winston M. Manning and Mary T. Soddy. Jordan T. Weills was unopposed for a 2 year term in office.
