"The Woodridge Independent Party is composed of candidates who have already proved their loyalty to Woodridge by actively participating in the growth and administration of the village. We consider it a privilege to have represented the

The biographies of the 6 candidates of the Woodridge Independent Party are presented below:

RALPH H. KENNEL

Ralph H. Kennell, 33, has taken an active interest in the community since he, his wife and 3 daughters arrived in July, '61.

He was appointed to the planning commission December, '61, and worked in that capacity until July, '62, when he was appointed village trustee.

Ralph majored in business administration and marketing at the University of Puget Sound in Tacoma, and served with the U.S. Army. He is currently employed by Montgomery Ward as buyer of business machines and equipment.

MRS. SHIRLEY MANGES

Mrs. Shirley Manges, candidate for village clerk, is married and has three children. She was commissioned deputy village clerk of Woodridge February, '62, and in that capacity has revised the filing system, presided at village board meetings in the absence of the clerk, held weekly office hours and assisted with all other duties of the clerk's office. She holds a police radio operator's license and is a DuPage county deputy registrar.

Mrs. Manges worked for the U.S. Census Bureau at Iowa State University and has done part-time work as a secretary, payroll clerk and bookkeeper. In the past she has served as secretary and vice president of Womans Club and as a board member of the Hinsdale-Clarendon Hills Newcomers Club.

Shirley is active in the Woodridge Mothers Club and is at the present serving on the board as publicity co-chairman. She is also public relations co-chairman of the citizens advisory council of school district #68.

citizens of Woodridge, but our work is not done. We hope to continue as members of your village board in order to complete the many projects already started.

An understanding of the complicated legal and financial responsibilities of the legislative branch of government requires a great many hours of study and preparation. We feel we have now reached that point in the development of a good trustee where we can spend more time being of service than in learning the job.

The Woodridge Independent Party will not dwell on past errors and misunderstandings, nor defend the actions of former village officials. We have not, and will not in the future take advantage of a public office to further personal aims, but will spend our energies in the positive administration of honest government.

The Woodridge Independent Party could promise you many things:

We could promise you a community center.

We could promise you a post office.

We could promise you more recreational facilities.

We could promise you a shopping center.

We could even promise to lower your taxes.

BUT - we believe in being realistic in our promises. As home owners with family responsibilities, we realize that the first four items are absolutely essential to a fully-developed community and therefore, we promise to continue working toward these goals.

75th St. Travelers See The Light

Four street lights on 75th street now mark Woodridge's place in the world for night travelers through this part of the country. They will also be a homing aid particularly for late arrivers in the new homeowner set. It was just a few years ago that even the junction at 75th st. and rt. 53 was unlighted. Many of the early settlers of Woodridge on the way home from Lisle at night found themselves headed for Joliet without realizing how far they'd gone.

Progress has a price, and in this case the price tag reads \$1,512. This represents a 6-year financial commitment for the village for that amount.

Annexation Filing Fee Set

An ordinance requiring an annexation filing fee of \$100 has been passed by the village board. The fee is to cover the costs of the work required of the village attorney and village clerk.

During the discussion on this point, Marvin Wiggins, C.A.P. candidate in the April village election, asked about "negotiations above and beyond this for additional considerations." President Roberts referred Wiggins to the state statutes concerning annexations and said that they (the village board) cannot hold any individual to anything other than that referred to in the statutes. Roberts explained then that the costs for legal and clerical work have been in the neighborhood of \$100 for past annexations and the purpose of this fee would be to off-set these expenses.

School Board Petition

The first day for filing nominating petitions for the April 13 school board election is Feb. 27; the final day is Mar. 23. They are to be filed with Mrs. Olga Redfield, secretary of the board of education. These petitions, which will require the signatures of at least 50 eligible voters residing in the school district, may be obtained from Mrs. Nedjl at the Woodridge school office.

WAA Elects New Officers

Pictured are, l. to r.: Mrs. Jantzen, Jens Jantzen, John Narducci, Virgil McPherson, Jack Moxley, Ned Hill and Phil Zuccaro.

The membership of the Woodridge Athletic association elected a new president, secretary, treasurer and three trustees at their annual election, Feb. 12.

Board Discusses Ditch Problem

The plight of a child falling in the drainage ditch south of Crabtree was presented for the village board's consideration at the Feb. board meeting. Thomas Church, 7662 Deerfield, said that the circumstances were such that the child could not get out by himself and that it took two workmen to pull him out.

This subject has come up for discussion at previous board meetings, particularly by the Crabtree area residents between Woodridge drive and Deerfield. Soil erosion in this natural waterway has created many problems for those whose property either abuts the ravine, or in some cases, whose property is the ravine. It has also created an attraction for children who come from all over the village to play. A year ago this month some of this area's residents signed a petition to have a discussion of the matter put on the agenda. At the Mar. 8, '62 recessed village board meeting a spirited informal discussion took place. At that time Village President William Roberts said that the builder will go into the affected areas as soon as ground conditions permit and will change the contour.

The embankments were to be evenly sloped and irregularities of the creek bed corrected to correct the erratic drop-offs.

Fire Extinguished Quickly

An early morning fire at the Hopkins, 2953 75th st., Feb. 2, was put out quickly. The fire in the living room caused little fire damage, mostly smoke damage. Captain Henry Wilgus of the Woodridge volunteer fire department estimates damage at \$1,000. There were no personal injuries.

Saturday Movies

On Sat., Feb. 23, at 2 p.m. the Woodridge Mothers club will present the movie "Jack And The Beanstalk" starring Abbott and Costello at Woodridge school.

Children through the eighth grade are welcome to attend, and admission price will be 30¢. Refreshments will be sold.

Population Now 2,306

A special federal census the first week in February resulted in a tally of 2,306 Woodridge individuals. This is an unofficial

total as it could be changed until Feb. 19 which was the final filing date for changes. The last federal census figure was 542 as of April 1, 1960.

The primary purpose in the village footing the bill for a special census is the estimated income from the state. The motor fuel tax refund from the state is based on so much per person.

Village President William Roberts estimates this additional income at \$8,000 for the next fiscal year.

The WNR was pleased to be able to assist by providing the maps which were used in the census.

400 Petitioners Request Hearing

A petition bearing 400 signatures was presented to the village board Feb. 7 requesting that the village board withhold action on a Winston-Muss annexation until such time as a public hearing in the school gym is conducted with questions answered by the board. Robert Waters, 2820 Everglade, in presenting the petition said that they would like a discussion with the board and the developer held in public hearing fashion. Village President William Roberts replied that there has been no formal request from Winston-Muss yet so there is no action the board can take and that any consideration would be done at a village board meeting which is open for public discussion.

Waters said they felt it was of such import that facilities should be made available for a sizable audience and that there should be adequate notice. President Roberts said there will be adequate facilities for a large crowd if it seems necessary.

Paper Drive Dates

The Boy Scout paper drives for the year are as follows:

Mar. 2	Aug. 10
April 20	Sept. 28
June 15	Nov. 16

The scouts ask that the papers be tied and bundled and at the curb by 9 a.m.

In Woodridge you'll find people who are willing to put aside the evening paper, cast a backward glance at their favorite TV program, or leave the dishes in the kitchen sink and go off to help solve a community problem.

They're truck drivers, plumbers, schoolteachers, homemakers. Together, they can do almost anything—except say "NO" when the community asks for their help. They're the people you can really count on when something is needed for the community. All too often the efforts of these unselfish, public-spirited individuals are taken for granted—when the truth of the matter is the community simply couldn't do without them.

The Lisle Township Republicans convened in caucus Feb. 5 at Ellsworth school in Naperville for the nomination of candidates to appear on the Republican ballot for the April 2 election.

Elected to chairman the caucus was LeRoy Rechenmacher, Naperville. Gene O'Connell, Woodridge, was elected recording secretary.

The unanimous choice of nearly 200 Republican voters and their precinct committeemen were incumbents, Mr. Robert Raymond, Naperville, for assistant supervisor and Mr. Jean Burton, Downers Grove, for road commissioner. These two were the choices of the nominating committee which consisted of Bill Stalcup, Hobson road and Gene O'Connell, Woodridge.

TO THE EDITOR

Dear Sir:

It was a gratifying sight to see the "Standing Room Only" audience at the village board meeting on February 7, 1963. Could it be that the apathetic attitude toward local government is beginning to break? If this is the case, you can look to the Village of Woodridge to make great strides toward improvement.

A young village government such as ours, can be closely compared to the raising of a child, in that unless close attention and supervision is exercised in its growing stage, it will become delinquent. The end result in either case is disastrous.

It is true that all citizens should exercise their right to vote, but after voting this privilege becomes a responsibility - your responsibility, to yourself and your fellow citizens, to see that those elected to office conduct themselves in a manner beneficial to the community and worthy of your vote. Remember, you listened to them when they were campaigning for your vote, therefore it is only fair that they listen to you during discussions at board meetings...but you have to be there.

Along this line of thinking, many will say, "What's the use of going, they listen and then do what they please anyway". A community that is well informed on local civic affairs can use their voting power as a strong counteractant to this misuse of office.

This privilege is not available in many countries, and it will not be available here much longer if we continue to shirk this vital responsibility. I don't think it is too great a sacrifice to give up one poker game or other social function one night a month and devote it to something that effects your taxes and the future of your community.

A great man once said, "A Government for the people and by the people". Let's look around at the next village board meeting and see if the man made his point. If he did, we may not have to rent that "Phone Booth" after all.

Interested Citizen
(Name Withheld by Request)

To the people of Woodridge:

You who are residents of Woodridge are extremely and abundantly well blessed far more so than many communities in our country. You have four churches that you can worship in. They are not cathedrals. They are not architecturally things of beauty externally, but they all have altars, a minister or a priest in attendance and Gods presence abides in each one. Many communities are not so richly blest.

These churches arise because small bands of christians of different denominations are concerned about the spiritual life in their community. So they work hard and start a church. There would not be churches if these little groups did not start them. You are enjoying churches today that the previous generations built for you. It's like planting an apple tree for your children that they might enjoy its fruits because someone planted one for you. The pillars of tomorrow's churches are the children of today. Actually the strength of those pillars depend on how concerned you are about the spiritual growth of your children today.

You would not like to live in a churchless area for many reasons. The greatest reason being that churches have a restraining power against sin where people attend churches particularly as families, crime, divorces and corruption are far below the national averages.

Support the church of your choice...but make a choice...and then support it. Stewardship consists of giving of your talents as well as financial giving. God given talents exercised in a dedicated devoted service to God many times are more important than large financial gifts. It is like giving a part of yourself.

If you do not have a church home we welcome you to visit us (The Woodridge Methodist Church), Our Sunday School will start Feb. 17 at 9:30 a.m. Our regular worship service is at 11 a.m. We are located in the Goodrich school.

The Pastor,
J. L. Sibley

Dear Sir:

I would like to question the actions of a certain member of the Citizens Action Party at the village meeting of Feb. 7, 1963.

In as much as this was a public discussion on the merits of the Building Officials Conference of America building code and he had addressed his political speech attacking the Woodridge building commissioner to the B.O.C.A. representative, he could not be answered by any of the village officials.

More important than the political speech making was the unnecessary embarrassment to the B.O.C.A. representative. Mr. Bartel was invited to the public hearing to explain the benefits of the use of B.O.C.A. by the village of Woodridge, not to listen to a personal attack against a village official.

I hope this action does not set a precedent of using Village meetings for "party politicals".

Very truly yours,

Albert M. Raymond

A stroke of luck---finding a mink coat in your drive? Bob Murphy, 7620 Catalpa, had just this happen. However, this mink coat was still on the real live animal. Murphy called Scudder's Mink Ranch, Woodward ave., to have the refugee returned, and Bob Scudder came complete with cage and gauntlets. Happy ending for all, particularly Bob Murphy. Should Mrs. Murphy request a fur coat, he can always shrug it off with "Well, dear, I had one for you once and you wouldn't even consider wearing it."

Miss Peters is out of the hospital and back teaching her regular classes, but now Mrs. Buchinger is very ill and we all hope that she gets well very soon.

The second issue of the "Scholastic Scribbles" was recently put out by the 5th grade. They have done a wonderful job with that paper along with the help of their teacher, Mrs. Pearson.

The A. V. A. (audio visual aid) boys will soon be given a test put out by the Bell and Howell Co.

Mrs. Pearson's room is studying the different forms of arithmetic used by the Babylonians, Chinese and Egyptians. They are also making shoebox scenes of a book that they had read.

Miss Gabor's room is divided into four committees; geography, health, language and chemistry. Each committee is then assigned to a different wall and then brings in news pertaining to each subject, and puts it on his assigned wall.

Miss Nyberg's room had made a very nice large diagram of Woodridge showing their own houses made out of colored paper and the other homes.

Village Joins BOCA

With the intent of obtaining professional guidance, the village board voted to subscribe to the managers information service of the International City Managers Association and to enter into membership in BOCA (Building Officials Conference of America), a not-for-profit unbiased municipal service organization.

The BOCA building code is the one under consideration by the village board. At the Feb. 7 board meeting a public hearing was held to take testimony on the adoption of the BOCA code.

President Roberts said that Horace Thorsen, building commissioner, his staff and the building and zoning committee have reviewed the BOCA material and feel it should be adopted.

A representative of BOCA, Mr. Bartell, spoke at the meeting on the advantages of the BOCA code and answered questions from the audience.

Robert Arnouil, candidate for village trustee, asked if we weren't establishing a minimum while the county is trying to establish a uniform code. President Roberts said he expected it would be some time before the county comes up with something and that when they do, the village board will reconsider. CAP candidate Marvin Wiggins discussed a more competent person to enforce these codes. He expressed that he felt that a performance code was more difficult to enforce particularly without trained personnel. Robert Waters, 2820 Everglade, said he thought the performance code more realistic but that administering it would be the biggest problem.

Mr. Bartell said he would make a flat statement that if someone can't administer one code, he can't administer the other either.

President Roberts concluded by saying, "regarding the ability of the building commissioner, he may have started as a layman but he has spent hundreds of hours

learning his job. He is doing a far better job than we ever have had done before."

An ordinance is to be drawn up to adopt the BOCA code.

Baseball Registration

Registration for all boys baseball will be held in the village hall basement Feb. 23 between 10 a.m. and 2 p.m. The insurance fee will again be \$2, and a parent's signature is required. Registration forms may be picked up at the village hall any time during office hours before Saturday.

A meeting will be held at 2 p.m. Sat., Feb. 23, at the village hall for anyone interested in becoming a manager or coach. Much help is needed in this field.

Open House

The Woodridge Independent Party announces that its members will hold individual open house every Friday night beginning Feb. 22 and continuing until the election. Each of the candidates will be at home from 8 p.m. on to meet the citizens of Woodridge informally and hear their opinions on the needs of the village in the forthcoming years.

Tom Church, campaign manager for the Woodridge Independent Party, issued an invitation to all the citizens of Woodridge to "attend as many of these open houses as you like and meet the people who are not only candidates for election in April but who are representing you now in your village government." Church, who has shown an active interest in village government, will be coordinating the efforts of the six candidates for the offices of clerk and trustees, in addition to publishing information about the candidates for the benefit of the voters.

Anyone interested in helping the Woodridge Independent Party may contact Church at 964-1493.

Brownies

The Woodridge brownie troop will participate in an exhibition at the Lisle high school, on March 9 and 10.

Films on Girl Scouting will be shown every hour on the half hour. There will also be a showing of old and new Girl Scout uniforms.

The Woodridge troops will each have a booth showing some of their activities. Hours for the show are: March 9 from 1 to 6 p.m. and March 10 from 1 to 4 p.m.

Fashion Show Successful

Over one hundred forty delighted ladies were transported from the humdrum of housework to a romantic Parisian cafe for an evening of fashion at the Mothers club style show, "Paris en le Printemps," February, 13. Family budgets forgotten (except perhaps by the few brave men in the audience), the mothers were treated to a tempting preview of all that will be chic come spring, modeled by Sandee Groth, Mrs. Maxine Anders, Mrs. Barbara Lentz, Mrs. Evelyn Arnouil, Mrs. Arlyle Roberts, Mrs. Jean Ortman, Mrs. Sally Wilson, Mrs. Grace Kennell, Mrs. Mary Lou Hartfield, Mrs. Ruth Vondrasek, Mrs. Delores Zuccaro, Mrs. Mary Ann Przybylski, Mrs. Dorie Keiler and Mrs. Shirley Manges.

Starting out young in the world of fashion were Beth Woodin, Danny O'Connor, Mary Ann DiFrancesco, Jeffrey Mueller, Cathy Warner, Shelley Miller and Lori Slater, in gay and practical outfits for the junior set.

Dorothy Salisbury, looking like a model herself in lemon-yellow chiffon, served as narrator for the event. Guests, sporting beribboned paper carnations and seated at small cafe tables, were served coffee and sandwiches by charming waitresses Judy Provo, Sue Przybylski, Barbara Dillon, Judy Redfield, Angie Schneider and Brenda Beacham.

Adding to the romantic atmosphere was Vance Modersohn's stage set, complete with Eiffel Tower.

AREA HIGHWAY DEVELOPEMENT

The State of Illinois is asking the village of Lisle to vacate several streets south of Ogden ave. so that the state can build an interchange between Ogden ave. and hwy 53. Another traffic change planned for Ogden is a stoplight at Saratoga in Downers Grove. The Ogden-Saratoga intersection is at the west end of the Downers Market.

A Weather Station For Woodridge?

Pictured l. to r. are Mr. Russell Schavey, science club advisor, and members George Nees, Jim Ryan, David Krueger, Will Bredfield, Frank Mabrey.

Weather a problem to you lately? To five Woodridge lads it is - an electronic one. With the guidance of Mr. Russ Schavey, 7666 Sprucewood, the science club is planning and building automatic weather measuring devices for Woodridge. These devices will be constructed from equipment donated by Packard Engineering of Downers Grove. The donated equipment is either usable or has usable parts. Some of it is being torn down, and the parts are being catalogued. Most of the talk the evening of Feb. 7 was about how to measure weather, but plans for the future were also discussed. One plan for the near future is the construction of a six-inch reflector telescope.

A project they have begun and will continue to work on is building a science library. Mr. Schavey commented that contributions, particularly textbooks, would be appreciated. He can be contacted at WO-9-7409. Also anyone wanting information about joining the club should contact Mr. Schavey. One of the outstanding features of this club is the enthusiasm. The lads were working when we came to observe, were working when we left and had plans to keep them that way for a long time to come.

4-H CLUB NEWS

By Willard Bredfield
At our last meeting it was announced that the window display committee picked in January had already begun work. The window display contest is held during National 4-H Week, Mar. 2-9. The object of this contest is to publicize 4-H and try and earn a ribbon while you are at it.

Committees picked at the January meeting are: window display committee, chairman, Willard Bredfield, Jr.; members are Amy Hill, Linda Weills, Frank Mabrey and Carl Finkbeiner. Why Not Enjoy Music? chairman is Shifra Werch; members are Nancy Dubs, Betty Nees, and Connie Bartz. Share-the-Fun chairman is Mary Linne Kraut; members are Larry and Kathy Quinn, and Mary Vandeleur. Three new members were added to the program committee. They were Carl Finkbeiner, Amy Hill and Nancy Dubs.

Our hazard hunt started at the Feb. meeting and will end at the March meeting. We also decided to send someone down to the University of Illinois for State 4-H Week which is June 18-21.

Next meeting is Mar. 12, 7 p.m. in the Woodridge school gym. Don't forget your hazard hunt books.

*** About Our Churches ***

Prince Of Peace

Three important events will take place at Prince of Peace Lutheran church Sun., Feb. 24:

A short congregational business meeting will be held immediately after the worship service to ratify the by-laws of the new constitution. After the meeting "coffee and ..." will be served.

At 2 p.m. the Luther League will have a bowling party at the Lisle Bowl. Reservations must be made by Sat., Feb. 23. Call Wo 9-1268.

Between 2 and 4 p.m. husband and wife teams will visit homes to tell of the Lenten schedule.

Ash Wednesday, Feb. 27, begins the Lenten season. At 4 p.m. a special children's vesper service will be held at the Lutheran parsonage, 2735 75th st. These services will continue through Lent with the theme "Jesus and His Children." Film strips will be shown dealing with the Passion and Resurrection of our Lord.

Also, on Ash Wednesday, 8 p.m. at the Woodridge school, adult vesper services will begin with the administration of the Lord's Supper. Midweek services will continue on Wednesday nights through Lent at the Lutheran parsonage with the theme "The Anatomy of the Passion."

On Sun., Mar. 3, 10:45 a.m. the church school children will view a Lutheran World Action film strip, "Wait a Minute." It is the story of a magician who pops out of ice cream wagons at the oddest times and introduces himself as the "Wait-A-Minute Man." He tells his audience about children in other parts of the world, and actually changes the nationality of his cartooned friends and takes them to far-flung spots to witness for themselves the good their dimes can do.
