The budget for the village for the '63-'64 fiscal year was read and approved by the village board Apr. 4. It was passed as an appropriation ordinance which establishes by law the maximum amounts that can be paid for particular departments. This budget establishes the total maximum in the general fund of \$84,075.00 and a maximum of \$19,000.00 in the streets and alleys fund for a complete total of \$103,075.00. The general fund figure, \$84,075.00, includes \$59,155 for general operation of the village and \$24,920 for the police department.

Nees Receives NSF Scholarship

George Nees

George Nees, son of Mr. and Mrs. Charles Balogh, 2807 Forest Glen, has received a National Science Foundation scholarship which will enable him to attend a six week engineering institute at Oklahoma State University, Stillwater, Okla. from June 9 through July 20.

George, a junior at Downers Grove high school, became aware of the possibilities of obtaining a scholarship through his physics teacher, Mr. H. Kross, and inquired into 10 possible summer institutes. He completed 4 applications that interested him and with the encouragement and backing of Kross and his chemistry teacher, Mr. Wheeler, sent his scholarship ratings, school transcript and personal data sheet in hopes to hear from one of his applications by May 1. He received an acceptance for the institute at Oklahoma State Mar. 15. The scholarship recipients are chosen mainly on the basis of high scholarship. The scholarship will pay for his room and board as well as his tuition.

George will attend class 5-1/2 days a week and his main concentration of study will be energy conversion. The course will also include research and lab work. At present George is the only DGHS student that has received a scholarship from the Foundation. The purpose of the institute is to instill an interest in engineering and science as well as give the student an idea of what college life is like, although no college credit will be given.

3 Brush Fire Calls Answered

The Woodridge fire department answered a total of 5 calls in the early part of April, three of which were grass or brush fires. The department would like to point out the hazard created by open trash burners, particularly at this time of year. They noted the village ordinance.

The ordinance states: "Paper and other burnable material, but not including garbage...leaves, brush, tree trimmings, weeds and other similar materials... may be burned only in suitable type containers in instances where ashes and the burning material will not be blown away."

"And that any person, firm or corp. violating... this ordinance shall be fined up to \$200 for each offense."

The department would appreciate cooperation of residents so that grass and brush fires might be less readily ignited.

In addition to the grass fires, the department received a smoke scare call resulting from a burned out washing machine. Answering a call from Willow, the firemen opened a locked house for a woman whose child, locked inside, could not open the doors.

Mr. Purchess from the Illinois fire inspection department recently inspected water facilities and equipment and indicated that the Woodridge area qualifies for a fire insurance rating of 8 rather than the current 9. When effected, the insurance rate will be dropped accordingly. Chief Long accompanied Purchess and the firemen on the inspection, and the group found that the water source is good and that the pressure measures above the required level.

New blue revolving lights have been purchased by the Firemen's Association from monies received from dances and benefits. They replace the old blue flashing lights.

The department has acquired a new hose drying rack from the Lisle Fire protection district.

Surplus Cars

On close inspection of the entire village, the WNR spotted 41 unused or unuseable autos on lawns and driveways without 1963 license plates or deserted. The WNR contacted auto wreck dealers and found that the unserviceable cars could be removed for about \$10. If any parts are in working condition, or the car is driveable, the owner may gain a few dollars by having the "nuisance" removed from his property. The price paid or received will depend on the model, make and condition of the car.

Board Defers Annexation

The April 4 village board action on the Winston-Muss annexation request was to defer until Tues., Apr. 9, for consideration with the plan commission at a special executive meeting. With the withdrawal of the one objection of a property owner in the area to be annexed (the Nadelhoffer objection), the Winston-Muss annexation request is now ready for action by the village board. The Nadelhoffer property is a vital connecting link between Woodridge and the Winston Hills area.

A 2/3 vote of the village board is required now.

Other Village Board Action

Albert Raymond, 2639 Crabtree, was appointed to the zoning board of appeals.

Finance Committee Chairman, Robert Manges, said that after consideration of the Trondsen-O'Connell Bookkeeping Service proposal for their handling of the village finances, that in the opinion of the finance committee, this service would be acceptable as long as one of the two individuals is actually appointed village treasurer. Both Richard Trondsen and Gene O'Connell have served the village in that capacity in the past.

The names of the election judges were announced... Mrs. Barbara Cooling, Mrs. Barbara Bonk and Mrs. Maureen Grummel. Village clerk Eleanor Murphy said that she had requested that the Citizens Action Party suggest someone for election judge. Their selection was Mrs. Grummel.

John Trask, commissioner of public works, announced that of the 25 requests sent out for bids on a truck for the village, only one of the five bids submitted met the required specifications. This bid from Egizio Chevrolet, Naperville was submitted for a 1963 Chevrolet dump truck with a snow plow on a lease-purchase plan for a total of \$9,217.

The board with the exception of Trustee Leon Werch voted to approve the purchase of the truck.

One of the concluding actions was Trustee Robert Murphy's recommendation that Robert Wendt, 3011 Crabtree, be asked to sit on the village plan commission. Wendt is an architect. No action was taken on the recommendation.

WAA Plans Dads & Sons Night Square Dance Set for May 11

The Woodridge Athletic Association has issued an invitation to the public to "Dad's and Son's Night" May 3, 7:30 p. m. at the Woodridge school gym. Films will be shown for the baseball teams featuring the fundamentals of baseball and giving the boys professional pointers before the season opens May 19. A world series game film and movies of last year's baseball day parade will also be featured.

Managers of this year's teams are: Sox, Herbert Gulbrandsen; Braves, Jack Moxley; Yanks, John Narducci; Cards, Jack Collins; Cubs, Harvey Moe. Pony league managers are James Novello and Rodney Davison. Robert Arnouil and Richard Trondsen are to manage the minor league team. Openings are still available in the minor leagues for adult help.

Garden Club News

The Feb. meeting of the Woodridge Garden club was held at the home of Mr. and Mrs. Herbert Gulbrandsen, 7632 Woodridge dr.

Robert Wendt, a garden club member, gave a talk on landscape design and developing character in a yard.

Mildred Gulbrandsen was hostess for the evening.

In March the members went to the University of Illinois Drug and Horticulture Experimental Station in Downers Grove where Mr. Alden Miller gave a lecture on lawns, fertilizers and bushes, a talk he illustrated with slides.

Mr. and Mrs. Robert Rice later served refreshments at their home.

A square dance is planned for Sat., May 11, by Woodridge boy scouts troop 109. This is the Woodridge scouts second square dance, and Dr. Cihlar will again do the calling. Even those who think they can't square dance are encouraged to come as Dr. Cihlar walks everyone through each dance. Tickets will be 50¢ at the Woodridge school gym.

To promote patriotism to the people of Woodridge, the Woodridge boy scouts will be around soon to sell American flags. They will be the type that mount to the house. The scouts suggest that everyone display the flag on all national holidays and other designated days.

Republicans Score Township Victory

Woodridge precinct #18 supported the Republican ticket Apr. 2 when Lisle township incumbents Robert Raymond, assistant supervisor and Jean Burton, highway commissioner, were re-elected to office.

Township election results tallied 2,044 for Raymond (R) to 1,272 for Paul Hume (D) for assistant supervisor. For road commissioner, Burton (R) received 2,147 votes to Richard DeVree's (D) 1,182.

The precinct #18 Woodridge results were 120 for Raymond to 98 for Hume; 132 for Burton to 88 for DeVree.

Unique Egg Hunt

On the morning of Apr. 10, commencing Easter vacation the children of St. Scholastica School had an Easter basket hunt at the Woodridge Woods.

Accompanying them were Sr. Baptist, S. Bonaventure, Sr. Wendeline and Mr. Martin Kloepfer, and some of the mothers with pre-school children.

Little Christopher Vandeleur was dressed in a bunny costume and carried a basket of candy which he gave out to the little ones present.

Each child had to find his or her own individual basket which was indicated by pictures of the first graders placed inside the baskets and name tags for the 2nd and 3rd graders.

All the baskets were made and filled by the Sisters. Mrs. Joseph Shroka donated home-made marshmallow bunnies for all the children. The Sisters also had to find baskets which were hidden for them. A highly enjoyable time was had by all.

The St. Scholastica Women's Society will hold their monthly meeting Tues., Apr. 23, in the corner school house at Crabtree and Janes ave. A social evening of cards and bunco is being planned following the regular business meeting. Everyone is invited to attend.

Bicycle Registration

Bicycle registration will be held Apr. 20 at the Crabtree cul-de-sac, at the back of Woodridge school.

This is the last day for registration before the issuance of tickets for not having a bike license.

Four of the Leaguers gave the sermon on Maundy Thursday, Apr. 11, on the topic, "The Last Supper." They were: Jane Hague, Phyllis Nyberg, Dirk Salisbury and Tom Goulding.

The Associates of Philip and Andrew will meet on Wednesday evening, May 1.

Mid-week Prayer Services will begin Wed., Apr. 24, 7 to 7:30 p.m. at the Lutheran parsonage. They will continue through June.

Village Baptist

Sun., Apr. 21, Pastor Savage will begin a series of messages on the Second Coming or Return of Jesus Christ. The sermon titles are: Apr. 21, a.m., "What Will Happen When Jesus Returns in the Air?"; Apr. 28, a.m., "What Will Happen in Heaven After Jesus Comes in the Air?"; May 5, p.m., "What Will Happen on Earth When the Church is Gone?"; May 12, p.m., "What Will Happen When Jesus Returns to the Earth in Glory?"; May 19, p.m., "What Will Happen During the Millennium?"; May 26, a.m., "What Will Happen at the Great White Throne?" and June 2, p.m., "What Will Happen When the World Is No More?"

The young people will be meeting Apr. 26, 7:30 p.m. at the First Baptist church in Downers Grove for a camp rally.

Mr. Bill Gothards and his campus teams will be working with the church's young people, and the B.Y.F. will be joining with the young people of the First Baptist church of Elmhurst for a weekend retreat in Wisconsin May 3-5.

Township Levy Passed

Nearly 100 people attended the Lisle township meeting Apr. 2 when a '63-'64 tax levy of \$50,000 for the town fund and \$24,000 for the general assistance fund was passed.

A special tax of .05 per \$100 assessed valuation for maintenance and improvement of approximately 60 miles of township gravel roads was also passed. The levy was requested by petition from township residents.

The budget for the '63-'64 fiscal year was presented, and objections were raised regarding increases over last year's budget.

Objection was made to the proposed appropriation of \$500 for a thistle commissioner. The objection was made on the grounds that \$500 could not effect a complete weed control program, and residents voted to drop the appropriation.

The proposed increase in the deputy assessor and clerk's salaries from \$16,000 to \$18,000 was questioned. Township Assessor, D. Saylor, explained that since the entire township was being re-assessed this year, added staff would be needed to complete the job for this year's tax roles.

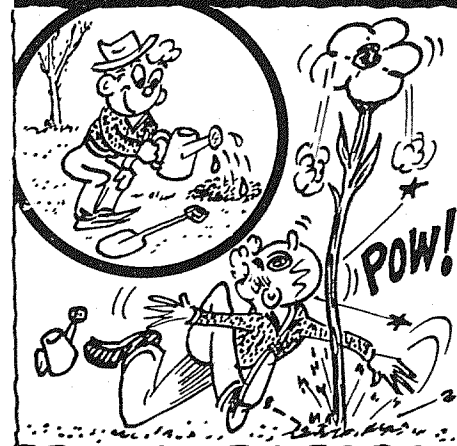

A motion was made from the floor to cut, rather than raise, the road commissioner's salary. Patrick Riedy, township supervisor, explained that statute recently changed this payment from a per diem basis to a salary with an \$8,000 maximum. The salary is to be set by the township board in advance of the April budget appropriation meeting. They raised the road commissioner's salary from \$5,840 to \$6,500.

After these explanations from the township board, the budget was passed as amended.

DOWN THE BLOCK

4-H NEWS by Willard Bredfield, Jr.

Our last meeting was held Apr. 9 in the school. We were told that at the next meeting we will have a scavenger hunt. It will start at 6:30 p.m. at Mary Vandeleur's house. Everybody must be back at the school at 7:15 p.m. So on May 14, between 6:30 and 7:15 if someone rings your doorbell you will know what to expect. We discussed the possibility of having a square dance, softball game, picnic and tours.

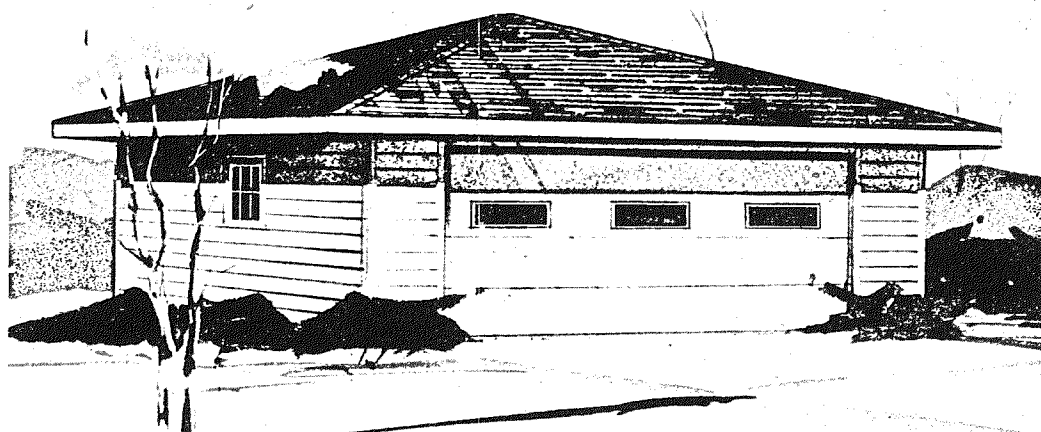

Mrs. Vandeleur has started a handicraft class. Her daughter gave a report on what happened and showed us what they made. Nancy Dubs gave a talk on indoor gardening. Carl Finkbeiner reported on the federation meeting. Share-the-Fun will be held on Apr. 26 and 27 at the West Chicago high school.

The next meeting will be held May 14. The scavenger hunt begins at 6:30 p.m. at Mary Vandeleur's.
