

## Trustee Trial Decision July 17

About 40 people were in attendance July 3 in Judge John W. Cockrell's court Downers Grove, at the trial of the People vs. Marvin T. Wiggins, Edward Redmond, Jr., Walter Hansen, David Callahan, and James Kinser, village trustees. The defendants entered a plea of "not guilty" to complaints signed by William Woody, Jr., charging them with holding a closed board meeting on June 6.

## Civil Complaint Filed Against Trustees

A civil complaint against the board of trustees of the Village of Woodridge has been filed in the circuit court of Du Page county. Trustees Marvin T. Wiggins, Walter Hansen, David G. Callahan, Edward G. Redmond, Jr., James Kinser and Leon Werch are named as defendants. Ralph H. Kennell, 7629 Willow ave., a trustee in the previous administration, is the plaintiff. The plaintiff asks that a writ of mandamus be issued directing the defendants to hold all official meetings of the board in a place sufficient to accommodate all citizens of the village who desire to attend these meetings.

In the complaint as filed, reference is made to the precedent of holding meetings at the school and the availability of the school for these meetings. Note is made of the fire regulations limiting attendance to 25 persons at the village hall. The complaint refers to two meetings of the board of trustees at the village hall. In both instances the village president, William Roberts, attempted to have the meeting moved to the school. The then newly-elected trustees refused to move the meeting.

Turn To Page 7

## Goldberg Appointed

Steven H. Goldberg, 7537 Woodridge dr., was appointed village treasurer at the June 6 board meeting to replace Mrs. Jean Dickey who resigned in order to help her husband in his new business.

Goldberg attended the University of Minnesota and received a diploma for a two-year special course. He also attended Drake University and was awarded a degree in business and accounting.

Goldberg and his wife Elaine moved to Woodridge Sept. 15, 1962. They are both musically talented and play the piano. Through his college years, Goldberg managed his own dance band, "The Stardusters", which explains the Goldbergs' hobby: dancing.

## Viewing Eclipse May Cause Eye Damage

On July 20 a 77% eclipse of the sun will occur in Illinois creating a temporary twilight between 3:26 and 5:45 p.m. Looking at the sun directly will be a great temptation, but doing so will expose the viewer to possible permanent eye injury.

Injury occurs from direct viewing. No pain is felt, but the finest point of vision is burned and results in a partial blindness much as though a fist is constantly before the eyes. Although one can see around the fist, the center of vision will be blotted out.

Fifty-nine cases of eye burn occurred following an eclipse in Seattle, Wash., in 1959. In Australia, in the same year, 170 people - mostly children - suffered permanent damage to their vision. One eclipse in Germany resulted in 3500 cases of permanent eye damage.

### PROJECTION ONLY SAFE VIEWING METHOD

Using sunglasses, smoked glass or negatives will not prevent injury. Using a telescope or binoculars will only magnify and intensify the burn. The only safe method for viewing the eclipse is by the projection method. With a sunscope, the image of the eclipse is projected onto a white surface and the observer, his back to the sun, can see the projected image.

Although all witnesses were heard and the trial was concluded, no decision was rendered by Judge Cockrell after a 3-1/2 hour session. With the clock pushing 5:30 p.m., Judge Cockrell set the date for a decision July 17 at 2 p.m. Marvin T. Wiggins, by stipulation, will hear the decision Aug. 7.

Assistant states attorney Peterson, prosecutor for the people, said that the complaint was made on the basis that the meeting was not open to the public in violation of Article 102, sec. 42, of the Illinois revised state statutes.

In answer to the charges, James W. McClure, attorney for the defense, stated that he would show that no violation of the state statutes, article 102, sec. 42, had taken place on June 6, 1963, nor were there violations of sections 41 or 44.

The first witness for the prosecution, William Woody, Jr., who signed the complaints, said that he had gone to the board meeting at about 8 p.m. and was denied entrance by a police officer at the door who said that the hall was filled to capacity

Turn to page 7

## McClure Forcibly Removed From Seat

At a special village board meeting June 26, called to discuss the 1963-64 appropriation ordinance, President William T. Roberts asked Attorney James McClure to leave the table and take a seat in the audience.

Roberts told McClure that he is not the legal counsel for the village and has no right to sit with the board. McClure protested that the president does not have the right of removal and that two-thirds of the trustees would have to pass on such a move. Roberts insisted that McClure leave and summoned Chief Joel Kagann to escort McClure away from the table. McClure warned Kagann that the action was illegal and that Kagann might be involved. Kagann said, under the rules and regulations of the police department, he is required to take orders from the President and that he was only following orders. McClure took a seat in the audience under protest.

## Preparing For The Big Show

A rousing thanks for a rousing 4th is due the fire department, the Woodridge Athletic Association and the police department for the fireworks display Thurs.

Each of the above groups donated \$100 for the display and the WAA had the insurance, which cost \$60. The police and firemen went door to door on June 28 and collected \$151 which was used for the

purchase of the fireworks. The display, which lasted an hour and a half and consisted of 250 pieces, was set off by (L. to R., front row): Fireman James Dougherty, Fire Capt. Henry Wilgus, Police Chief Joel Kagann; (back row) Lt. Al Lee, Lt. LeRoy Smith, Lt. Jerry Szczepaniak, Fireman Ted Goetz.

## Appropriation Ordinance Discussed And Passed By Village Board

The appropriation ordinance for the fiscal year 1963-64 was the single item on the agenda at a special village board meeting June 26. The members of the board went through the ordinance item by item, making reductions in some categories and adding money to others. The \$3,300 anticipated from vehicle licenses was set aside in a reserve fund and expenses for the streets and alleys fund were reduced by the same amount.

Trustee Leon Werch said that, in view of recent statements by Winston-Muss indicating a breaking off of annexation negotiations, the \$25,000 anticipated from annexation should be eliminated from the

budget. This money had been earmarked for the building of a new village hall. Other members of the board felt the amount should be left in the ordinance; Werch commented that it would serve as a reminder of what might have been.

President William T. Roberts said that the salaries recently voted for the trustees and president could not be paid, as it is illegal to increase the salaries of present officials. He said that these salaries could apply to officials elected in the future, but not to the present board. In line with that, he recommended that the \$1,560 set aside for his salary be changed to \$300 and the \$4,680 for the trustees be lowered to \$1,800. The same should be done, he said, for the salaries of any other officials. Trustee James Kinser said the trustees had no intention of taking a salary as long as the village could not afford it. He said that the president's stand on this matter was new to him, and that the trustees had had an agreement with the president concerning these ordinances. Roberts said he had just talked with the states attorney on this matter and had been advised of the illegality.

Trustee David Callahan said that recent developments pointed out the need for more legal services during the coming year and recommended that the appropriation for legal services be increased from \$3,450 to \$5,000. Kinser agreed, but recommended it be set at \$6,000. Changes were made in the police department appropriations by eliminating \$5,000 for a second, full-time policeman and an amount set aside for a new squad car. Turn To Page 2

## Surety Cancels Village Leases

Notice has been served on the village by Surety Development Corp. to vacate the village hall and fire barn by July 31. No reason was given in the notices for this action, although this was the second time the village has been so notified.

The first notices were withdrawn after a meeting between the village board and Albert Kaufman of Surety. At that time Kaufman said he was withdrawing the notices temporarily until he saw how things worked out with the board.

President William T. Roberts said he is issuing a directive to all departments advising them to be ready to leave the village hall and fire barn by the end of the month.

## Innocent Bystander

Wistfully viewing the wreckage of his tricycle, this youngster no doubt wonders "why?" While the boy's father, a Woodridge police officer, stopped at home for coffee, an unknown vandal placed the tricycle directly beneath the rear bumper of the squad car where it was certain to be smashed.

## Park Plan Presented

In a special meeting June 26 the plan commission heard Robert Wendt and Marvin Wiggins explain their plan for the development of the Woodridge park. Wendt and Wiggins were assigned special consultants to the plan commission by President William T. Roberts. Both of these men live adjacent to the park, which runs between Crabtree ave., and Jonquil ln., and is bordered on the west by Westview ln. Turn To Page 2

## McClure Con't from page 1

In a statement to the WNR after the board meeting McClure said the action taken by Roberts was illegal, and that only a motion passed by two-thirds of the trustees could remove him from his place at the board table. He said he is the legally appointed counsel for the village, because it is his opinion that the board makes appointments jointly with the president and that an appointment may be originated by any member of the board. McClure said the president's only alternative would be to file a "quo-warranto" suit which would test the legality of the appointment in court.

Roberts told the WNR that he has been in touch with several attorneys regarding the appointment, and that they are in agreement with him that the appointment is not legal. Roberts said appointments must be made by the president with the concurrence of the board. He referred to a rider on a bill now before the Illinois legislature, which would allow four trustees to make appointments, as further proof that his stand is correct.

Editor's note: House bill 699 of the 1963 Illinois state legislature has been blocked and tabled.

At the July 5 meeting in the Woodridge school auditorium President Roberts, for the second time, requested that McClure leave his seat at the board table. The trustees called for a point of order, but Roberts ignored the call and insisted that McClure leave the board table. When McClure refused to leave, Roberts directed Chief Kagann to remove him. Kagann then took McClure by the arm and escorted him to a seat in the audience.

The July 5 meeting was attended by 41 citizens, 12 officials and three members of the press.

I grew convinced that truth, sincerity and integrity in dealings between man and man were of the utmost importance to the felicity of life.

---Benjamin Franklin

## Park Plans

Con't from page 1

Wendt presented detailed drawings showing areas which require grading and filling. In order to make the entrance to the park usable, the placement of some culvert tile would be required. The plan also suggested that a marker be displayed at each of the three entrances to the park, which Wendt said would draw attention to the park and let people know where it is.

In general, both Wendt and Wiggins felt the natural atmosphere of the park should be maintained. The area does not lend itself well to sports such as baseball, which require a lot of room. The consultants did recommend the paving of a section so that a basketball hoop and shuffleboard diagram could be installed. The hard-surface area would also serve as a pavillion for teen-age dancing.

Wendt said he felt the park area was best suited for teen-age use and should be developed along these lines. He pointed out that the plan was prepared in such a way that development could be done a little at a time as the village could afford it.

## Girl Scouts

Girl scouts from the Lisle-Woodridge area will participate in the "learn to swim" program beginning on Mon., at Maple Hill pool, Belmont and Maple, Downers Grove. The program will consist of ten lessons and will include all phases of learning, from the dippers to the divers. These lessons have been held at the pool for the past three years. Each instructor handles and teaches approximately 20 girls. Through participation in this program girl scouts will endeavor to earn badges.

Area girl scouts will also take part in day-camp sessions. First session will begin on Tues., July 16 and end on Thurs., July 25. Second session will start on Wed., July 31 and run through Thurs., Aug. 8. Final session will be an overnight camp-out at Maple Grove.

## Ordinance

Con't from page 1

After discussing the ordinance by item, the board opened the floor for public comment. Comments were that the ordinance was unrealistic in that it anticipated income from 300 home-building permits when 100 would be a more realistic estimate. It was also said that the appropriations were far in excess of anticipated income and would bring about a deficit in the budget. Other comments were that it would be a mistake to remove money set aside for a new squad car, as the present car is in very bad condition, and that in another year its trade-in value would be very low. Chief Joel Kagann said he thought it would also be a mistake to eliminate the salary for a second, full-time officer. He said the FBI standards for a village the size of Woodridge require three full-time men, and we have only one at the present time. He pointed out that there would be no one to take his place while he is on vacation.

The question was raised from the audience as to what we would do when we ran out of money, if this present appropriation is to be deficit. Roberts said we would have to sell tax anticipation warrants. He also said that every department must watch its purchases for the coming year to make sure no unnecessary expense is incurred.

Roberts asked the finance committee to prepare a final draft of the ordinance and have it ready for the regular board meeting July 5. He directed the clerk to have copies available for public inspection by Mon., July 1.

A change from the previous pattern of relating income and expenditure to an estimate to cover all possible expenditures resulted in the passage July 5 of an appropriation ordinance in the amount of \$111,125. This amount includes \$57,605 in the general fund, \$28,520 in the streets and alleys fund and \$25,000 in the village hall fund. This \$25,000 is the amount that has been anticipated from a Winston-Muss annexation. Trustee James Kinser read from the Handbook for Illinois Municipal Officials to the effect that the amounts in an appropriation ordinance do not represent a financial commitment on the part of the village but the maximum that can be spent. The floor was opened for 20 minutes for public discussion. The motion to open the floor was amended by Trustee David Callahan to stipulate that the board would not hear anything that wasn't new.

## Complaint Con't from page 1

In statements issued later, the reason given by the trustees was that they were acting on the advice of their attorney. Succeeding meetings have been called for the village hall and then adjourned to the school.

The second count in the complaint concerns salaries for officials. The complaint quotes the Illinois constitution and the Illinois state statutes as the basis for the contention that since there was no ordinance providing for payment to the board at the time the defendants were elected, the defendants had no power to enact an ordinance providing for compensation for themselves during their respective terms of office. The plaintiff asks that the court declare the ordinance null and void.

In the third count the plaintiff asks that Douglas F. Comstock be declared village attorney to continue in that capacity until he resigns or until his successor has been duly appointed and qualified. The plaintiff contends that the power to appoint the village attorney is lodged in the village president and that the board of trustees has the power neither to dismiss nor to appoint. At their May 6 meeting the board passed a resolution terminating the employment of Comstock and retaining James C. McClure as village attorney. Roberts did not concur in either action.

Finally, the plaintiff requests that the court enter an order directing that, if

the defendants intend to contest this suit and retain attorneys or incur costs in connection with the case, they not use or obligate funds of the village of Woodridge.

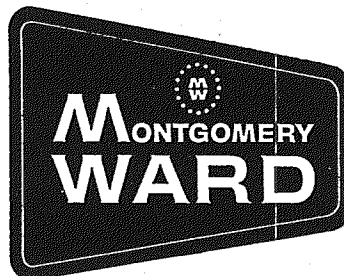

## Police News

Chief Joel Kagann would remind village residents that Ordinance 62-16, the village curfew ordinance reads:

"It is unlawful for anyone under the age of 17 to be on any public way in the Village between 11:30 p.m. Fri. and 6:30 a.m. Sat. and between 11:30 p.m. Sat., and 6:30 a.m. Sun., and also between 10:30 p.m. and 6:30 a.m. any other day of the week unless accompanied by and in the custody of a parent, guardian or other person over the age of 21 yrs. or unless engaged in some lawful occupation which the child is permitted to engage in."

The Woodridge police department will start cracking down on violations of this ordinance. The first offense will cause the child to be brought into the station and the parents notified to pick him up and served with a warning notice. The second violation will subject the parent or guardian to arrest and a possible \$200.00 fine.

Chief Kagann also indicated that the police department will start a door-to-door canvass on July 13 to check on dogs. Any person not in possession of a current village dog license for his pet, together with a rabies vaccination certificate, will be issued a ticket.

# REFERENDUM CALLED FOR JULY 20

## Budget

1963-64  
School Year

INCOME

OUTGO

## Educational Fund

### Where The Money Comes From . . .

Balance July 1, 1963	\$ 34,650*
Taxes 1962 & 1963	\$ 88,200
State aid	\$ 80,212
Student & community services	\$ 12,425
<b>TOTAL OPERATING FUNDS</b>	<b>\$215,487</b>
Tax anticipation warrants issued (Borrowed against future taxes)	\$ 66,000
Other (petty cash)	\$ 75
<b>TOTAL NON-OPERATING REVENUE</b>	<b>\$ 66,075</b>
<b>TOTAL REVENUE</b>	<b>\$281,562</b>

\*The balance on hand July 1, 1963, represents prepayments of 1962 taxes which in the past have not been received until July and Sept., from the county collector. Thus far we have received \$75,074 or 58% of the total 1962 taxes. Past experience has been that only 30% was received before July 1. On this basis only about \$34,400 had been expected, which would have left a deficit of \$6,024.

### How It Is Used . . .

Administration	\$ 19,885
Instruction - (teachers' & principals' salaries, teaching supplies, special education)	\$185,140
Maintenance (custodial salaries, heating, utilities, maintenance)	\$ 24,850
Lunch program (milk)	\$ 4,200
Student & community services	\$ 5,325
Insurance	\$ 1,050
Capital outlay - equipment	\$ 1,430
Deficit transfer to transportation	\$ 3,300
Other miscellaneous	\$ 1,050
Contingency	\$ 215
<b>TOTAL Operating Expenses</b>	<b>\$246,445</b>
<b>NON OPERATING DISBURSEMENTS</b>	
Tax anticipation warrants retired (repayment of borrowed money)	\$ 35,000
Other	\$ 75
<b>Non-Operating Expenses (Total)</b>	<b>\$ 35,075</b>
<b>TOTAL EXPENSES</b>	<b>\$281,520</b>

From the above the real condition of the school district can be evaluated by comparing Operating Revenues and Operating Expenses.

For the next school year 1963-64 these are:

Operating Revenues	\$215,487
Operating Expenses	\$246,445
<b>DEFICIT</b>	<b>\$ 30,958</b>
Net Outstanding Tax Anticipation Warrants (Net Debt) July 1, 1964	\$ 31,000

### ACKNOWLEDGEMENT

Your Board of Education wishes to thank the Editor and Staff of the Woodridge News Review for this opportunity to present a brief report on the present condition of your elementary school district.

We would also like to present our future plans and views on expected developments in the district as we see them now. In addition to the regular subscribers of the Woodridge News Review, this section of the paper is being distributed to as many citizens in the school district outside the village of Woodridge as possible.

The board of education is grateful to this newspaper for the excellent coverage of our regular and special board meetings given in the past, and we appreciate this means to give a complete report to all citizens in the district.

John O. Dahlberg, President  
Board of Education  
School District #68

## School Operating Funds Explained

The school district, by law, operates with three major funds in the budget. These funds are kept separated by the school treasurer and cannot be used for purposes other than that specified by law. These funds are shown below:

- 1. Educational Fund**  
This fund deals primarily with the instruction of the students and expenses involved in this instruction. Some of the major expenses involved are teacher and administrative salaries, the purchase of teaching supplies, maintenance of instructional equipment, the purchase of teaching equipment (projectors, reading machines, desks, etc.), and other purchases for such areas as athletics and the bookstore. These are not all the expenses in this fund, but they are the largest ones and are all related to the instruction of the student.
- 2. Building Fund**  
This fund deals primarily with the maintenance and operation of the buildings, the grounds, and the equipment used to maintain the buildings and grounds. The

major expenses in this fund are custodial salaries, fuel and light bills, repair of the buildings and purchases of additional equipment. If the school board wishes to do so, it is permissible to transfer to and pay from the educational fund custodial salaries, utilities and heating expenses. This permits use of the building fund to make small building additions or purchase land without the need of a bond issue.

The purchase of building sites also comes out of this fund if the money is available. If the money is not available in the fund, it may be obtained through a referendum.

- 3. Construction Fund**  
A. This fund comes into existence only as a result of a bond referendum. It is used to account for money received from the authorized sale of bonds and spent in building new school facilities. This money can be used only for construction.
- B. Special Construction Fund.** This comes from donations and is usually restricted by the donor to use in building school facilities.

## To Ask For 21 Cent Increase

The district 68 school board has called an election for Sat., July 20, 1963 to vote on an educational fund tax rate increase of 21¢ from \$1.05 to \$1.26 per \$100

assessed valuation. This special report has been prepared by your school board to acquaint you with the need for the referendum.

The increase is deemed necessary since the educational fund has had a deficit the past 2 years and faces an even greater deficit for the coming year. These deficits have come about by increasing costs. We have had to increase salaries of teachers to be able to recruit the better instructors that we want for our children.

Books, visual aids, in fact, all equipment has gone up in cost. Increasing enrollment, which is going up faster than our tax base, will go up even faster with proposed developments. While we received money from the builder for the construction fund, it will not be of benefit to the educational fund.

The educational fund deficit for 1963-64 will be \$31,000. An increase of \$.21 per \$100 assessed evaluation will realize about \$25,000 next year. While this will not balance the educational fund, it would bring it more nearly in line. The increased income is needed to allow the schools to maintain present educational standards.

## Q&A Meeting Monday

For further information you are invited to attend a special meeting at Woodridge school on Mon. night, July 15, 1963 at 8 p.m.

Any School Board member or the Superintendent will be happy to answer any questions you may have. Their names and telephone numbers are as follows: Lewis Benckendorf, Wo8-3921; John Dahlberg, El5-2948; Ned Hill, Wo8-8645; Alfred Olsen, Wo9-4641; Olga Redfield, Wo8-9535; Charles Smeeth, El5-4127; Arthur Thuerk, Wo8-7181; or Thomas Tousignant, Wo9-1497.

## Impact Of W-M Development

In Aug., 1962, there appeared in the papers an announcement of the acquisition of 560 acres of land by the Winston-Muss Corporation for the purpose of building 2,000 homes. Recognizing the great impact this would have upon our school district, the school board made efforts to meet with representatives of Winston-Muss in order to gain a better idea of their plans and what steps should be taken by the district to meet the additional educational requirements. We were unable to arrange such a meeting at that time.

On February 28, 1963, the school board met with Robert Murphy, then a village of Woodridge trustee, to discuss school sites and requirements within the Winston Park development. After thorough examination of the proposed Winston Park plan, the school board sent this letter to the village trustees:

"Dear Mr. Roberts:  
"The Board of Education, School District 68, appreciates the invitation extended to us by Mr. Robert Murphy, Trustee of the Village of Woodridge, to discuss and present our views on school site requirements in connection with the proposed Winston Park Estates Subdivision.

"In order to meet future growth needs, your School Board has been making a continual study of site and building expansion requirements. A great deal of our time in recent months has been spent in discussion of the Winston development.

"After reviewing the preliminary plans, revised December 27, 1962, proposed by the Winston Park Estates Subdivision, we feel that to maintain adequate educa-

Turn to page 4

## Enrollment Increase Continues

One of the more difficult areas of projection for the Board is the accurate prediction of enrollment trends. This is caused by many factors, some of which are the building market, availability of money, actual family sizes and age breakdown and availability of parochial schools. The past history of actual total enrollment is of value as a base for future trends and are as follows:

Date	Enrollment	Class Rooms	Total Staff
June '59	101	5	4
June '60	234	10*	11
June '61	324	14	14
June '62	485	18	20-1/2
June '63	570	28	26-1/2
June '64	660	31	32-1/2

(Estimated)

\*Including 4 rented homes.

The three-room increase in the '63-'64 school year is being accomplished by the remodeling of the original Goodrich school built in 1926. The original estimates for the remodeling were in the area of \$25,000. By more selective changes the final contracts are \$16,000. Of this approximately \$5,000 is being spent for reconditioning the building, i.e., tuck-pointing, shoring floors, painting, re-wiring, etc. Thus for the \$16,000 two existing rooms (one of which is unuseable now) will be modernized and two new rooms will be built.

It will be necessary to add new rooms in 1964 to the Goodrich school because of expansion in the Winston Park Estates area. The money donated by the Winston Muss Corporation is specifically earmarked for this future expansion beyond the remodeling.

There are 2 classrooms remaining in Woodridge school which will be used for further expansion South of 75th st., in 1963-64 school year.

The beginning of the St. Scholastica parochial school has been and will continue to be a significant factor in providing additional educational facilities for this area.

## Referendum Facts

Sat. - July 20, 1963 - 12 noon to 7 p.m.

Residents south of 75th street vote at Woodridge school

Residents north of 75th street vote at Goodrich school

Registration is not necessary, but voters must sign an affidavit that they are American citizens and residents of the State for 1 year; of the County 90 days; and the district for 30 days.

## W-M, District 68 Agreement

AGREEMENT made this 13th day of June, 1963, by and between WINSTON PARK ESTATES, LTD., a Delaware Corporation, hereinafter called "WINSTON PARK" and SCHOOL DISTRICT NUMBER 68, Du Page County, Illinois, hereinafter called "DISTRICT".

WHEREAS, WINSTON PARK is in the business of developing new subdivisions and selling homes therein; and,

WHEREAS, WINSTON PARK is proposing to develop a new subdivision in the general area east of Illinois Route 53 and immediately north and south of Hobson Road containing approximately 1850 residential lots; and,

WHEREAS, all of said proposed subdivision falls within the boundaries of the DISTRICT and will create a very substantial burden upon the DISTRICT in terms of its physical plant needs and in terms of the operating costs; and,

WHEREAS, both parties hereto recognizing the importance of cooperation between a developer and a school district so as to assimilate the school pupil growth more readily into the system, have met and arrived at an understanding as to what provisions will be voluntarily made by the Subdivider to assist the school district;

NOW, THEREFORE, it is agreed as follows:

1. That WINSTON PARK shall donate the sum of FIFTY THOUSAND AND NO/100 DOLLARS (\$50,000.00) to the DISTRICT to be used for building purposes on the Goodrich School site or on the two sites which WINSTON PARK shall donate as hereinafter provided. Such sum shall be payable in the following manner: THIRTY SEVEN THOUSAND AND FIVE HUNDRED AND NO/100 DOLLARS (\$37,500.00) upon execution hereof and the balance on or before February 1, 1964.

2. That in the event the rezoning now applied for is substantially granted so as to permit the platting of over 1700 residential building sites in the area represented by the Master Plan of the development, which said plan is attached hereto and made a part hereof as Exhibit "A", WINSTON PARK shall further donate the sum of TWENTY-FIVE THOUSAND AND NO/100 DOLLARS, (\$25,000.00) on or before February 1, 1964.

3. That WINSTON PARK shall donate, without restriction, two school sites, on or before the 1st day of March, 1966, one to be located and of the size as shown on Exhibit "A" attached hereto with additional provision for adequate access to the street north and east of said site, and the other to be located in the northeast forty (40) acres of the old Vial Farm and to have eight (8) acres of area.

4. That WINSTON PARK shall grade and fill the said sites as necessary to bring each to a proper grade not less than six (6) inches above the lowest point of the center of the street adjacent to the site, but in no event graded so as to provide a substantially lower grade than the adjoining properties.

5. That WINSTON PARK shall further compact any fill that may be placed upon the said sites to 95% Proctor, but in no event less than 3500 pounds per square foot bearing capacity. Sufficient top soil to cover such sites to a depth of not less than four (4) inches shall be placed upon each new site for use after erection of the school building.

6. That WINSTON PARK shall further provide proper storm water drains, sanitary sewers and water service for the two new sites as well as for the Goodrich School site, and so installed so as to require no additional facility to use same except connection thereto. All such utilities shall be brought to the property line without cost to the DISTRICT at the time the adjacent property is developed, but that in the case of the Goodrich site such utilities shall be brought to the property line of the School site on or before August 1, 1964. WINSTON PARK may determine the point on such line to which the utilities shall be brought, limited, however, to the requirement that the site may be served from such location without any other cost than such connection.

7. That the DISTRICT shall deposit the monies paid to it by WINSTON PARK in a special account which shall be used only for building purposes on the Goodrich site or on the other two sites donated by WINSTON PARK. That in the event School construction is not begun on or before February 1, 1965, (provided that all monies contemplated herein have been deposited with the DISTRICT and all deeds conveying merchantable title, as evidenced by a current preliminary report on title made by Chicago Title and Trust Company, shall have been delivered, all pursuant to this agreement) and completed on or before February 1, 1966, to the value of not less than such money deposit, such monies shall be refunded to WINSTON PARK. For the purpose of this paragraph, time is of the essence.

8. That WINSTON PARK hereby acknowledges that the obligations to be undertaken by the DISTRICT are sufficient consideration to support this Agreement and that WINSTON PARK shall not in any way attempt to abrogate this Agreement although similar agreements may have been held invalid by the Courts of the State of Illinois.

IN WITNESS WHEREOF, the said WINSTON PARK ESTATES, LTD., a Delaware Corporation, has caused these presents to be signed in its behalf by its President and its corporate seal to be hereunto affixed and attested by its Secretary, and the said SCHOOL DISTRICT NUMBER 68, Du Page County, Illinois, has caused these presents to be signed by the President of its Board of Education and attested by the Secretary of the Board of Education, on the 13th day of June, 1963.

SCHOOL DISTRICT NUMBER 68  
Du Page County, Illinois

BY: John O. Dahlberg  
President, Board of Education

**Impact** Con't From Page 3  
tional facilities and a sound educational program, the following must be accomplished:

1. The initial influx of children from the new development will logically be served by adding to the Goodrich school. However, this school cannot be expanded further because its sewerage facilities are now at maximum capacity as specified by the County Health Department. Therefore, to provide needed classrooms, it will be necessary that public sewer connections be made available to this school.
2. With the announced Winston Park plan of approximately 1850 homes, it is apparent that a minimum of two additional school sites will be required to adequately service the area. These sites should be: (a.) At least 8 acres adjacent to the Walnut Ave. access road and the gas easement in the area south of Hobson Road. (b). At least 8 acres located north of the drainage easement and convenient to the main Hobson access road in the area between 63rd and 59th street.

"The school site proposed by the subdivider is not suitable primarily because of its location.

"The School Board again wishes to express its appreciation of this opportunity to present its views. We would welcome further discussions with the Village Board of Trustees on these matters which are of mutual interest and concern to all of us."

A legal notice appeared in the Lisle Advertiser, May 23 announcing a zoning hearing on June 13 to consider rezoning which would allow Winston-Muss to build homes on 8,200 sq. ft. lots (minimum). The school board met with the village of Woodridge trustees to ascertain the progress of their negotiations with Winston-Muss. On June 9, four members of the

school board met with Joshua Muss, vice president, and came to a tentative agreement which was drawn, approved, and then executed on June 13. To acquaint the people of our school district with the terms of this agreement, it is reproduced in this report in its entirety.

The initial payment of \$37,500 was made to the district on June 13, 1963. At the zoning hearing on the same day, John Dahlberg read the following statement:

"At a meeting of the Board of Education of School District #68 held on June 12, 1963, the President was directed to read the following statement at this hearing and I do so now.

"We recognize that the Winston Park Estates Subdivision development will create an additional burden upon the elementary school district because of the increased number of pupils to be served. We further realize that it is our obligation

to serve all those pupils who live, or will live, within the district.

"We also recognize that school districts are not permitted to levy taxes or charge assessments except in accord with the statutes of the State of Illinois. This means that we must have approval of voters to increase our levies for educational purposes or to secure authorization to issue bonds for purposes of building new classrooms. Thus we cannot say to any subdivider you must give us \$50 or \$100 or \$500 per home.

"We can only seek to acquaint the subdivider with the problems and needs of the school district and thereby interest him in volunteering assistance to finance the additional classroom demands.

"In this case we and others have done just that and the subdivider has agreed to donate two new improved school sites and provide sanitary sewer and water utility connections to the Goodrich School at no cost to the district and to give the sum of \$50,000 to assist the district in this initial development. He has further agreed to give an additional \$25,000 in cash in the event he secures the zoning substantially as requested in this hearing.

"A formal agreement has been signed by the school district and the developer, and the initial payment of \$37,500 has been made to the school treasurer.

"For these reasons and because the school board recognizes that at any time in the future another developer may come along and try to develop the same sort of subdivision without making any provision

for the additional land and school rooms necessary, the Board of Education of School District 68 does not oppose the proposed rezoning."

The apparent effect of this agreement will result in tax savings to the school district's Bond and Construction fund of:

Cash deposit to school treasurer	\$50,000*
16 acres improved land @ \$4,000	an acre \$64,000
Expanded sewerage facilities at Goodrich	\$40,000
	TOTAL \$154,000

\*-If Zoning request approved, add \$25,000

TOTAL IF ZONING REQUEST APPROVED \$179,000

## Men's Club Leads Church League

An undefeated St. Scholastica Mens club team entered the second round of a two-round church softball league exhibition series July 9 against Lisle Bible. The series will pit each team against the others twice, once in each round. St. Scholastica emerged from round one victorious over all five teams.

The six teams in competition in the league are: St. Scholastica, Our Savior of Naperville, St. Joan of Arc, Lisle Bible, Trinity Lutheran and Faith Methodist. Round two will see the teams vie each other again. Games are played Tuesdays at 7 p.m.

The St. Scholastica team is co-sponsored by Carl's Fashion Cleaners and George's Dairy Service and can be seen in competition at the following places: July 16 against Our Savior of Naperville at Lisle H.S., July 23 against Trinity Lutheran at Lisle H.S., July 30 against St. Joan of Arc at St. Procopius Academy, Aug. 6 against Faith Methodist at the Faith Methodist diamond.

Managing the mens club team is Frank DiDonna with Bill Miller, Ken Brundage, John Narducci, Walt Baaske, Bob Krui-enga, Jim Wokas, Don O'Shea, Gene Okonski, John O'Connor, Stan Paplaczyk, Jack Schauers, Greg Boyna, Dick McCormick, Bob Jankowski and Jack Kline playing from Woodridge on the team.

Knowledge will forever govern ignorance; and a people who mean to be their own governors must arm themselves with the power which knowledge gives.

---James Madison

## Tattle Tales

by Nan Davis

NEW ARRIVALS

Congratulations to John and Ann Peacock on the birth of Preston Lloyd on June 20, at Edward hospital. Preston weighed 6 lbs. 5 oz. The Peacocks have another son, one-year-old Gregory, and reside at 7667 Willow ct. Paternal grandmother is Mrs. Dora Huck, England. Maternal grandfather is Mr. Patrick Sweeney, Ireland.

Pat and Greg Boyna welcome to their home a son, Bryan William, born July 5 at Edward hospital weighing 7 lbs. 8 oz. The Boynas live at 7641 Sprucewood ave. where 1-1/2 year-old Nadine is awaiting the return home of Mommie and her new brother. Maternal grandparents are Mr. and Mrs. William G. Prell of Oak Park. Paternal grandparents are Mr. and Mrs. John F. Boyna of Chicago, formerly of Woodridge.

A Speedy Recovery To:

Mrs. Don Maciejewski, 2942 West-ridge dr. Barbara was confined to Edward hospital on June 30 for observation.

Thomas Gwiazdowski, who on June 26 underwent minor eye surgery at Bob Roberts hospital, Chicago. Tom is the son of Mr. and Mrs. Chester Gwiazdowski, 7656 Catalpa ave. Belated birthday wishes are also in order for Tom, who celebrated his birthday on the 4th of July.

Stephen Paul Quim, 4-month-old son of Mr. and Mrs. Paul Quim, 2641-75th st., who is recovering at home following his discharge from Hinsdale hospital.

Timothy Modersohn, 17-month-old son of Mr. and Mrs. Vance Modersohn, 2928 Forest Glen pkwy., who is at home recovering from illness.

Diane DiFrancesco, 2935 Westridge dr., recently visited The Great Lakes Naval Base, Great Lakes, Ill., where she attended the graduation of Seaman Recruit Robert P. Serino, Chicago, Ill.

Mr. and Mrs. Paul Quinn have a house guest for two weeks, Mrs. Quinn's sister, Patricia O'Dea, of Waterbury, Conn.

Mr. and Mrs. Arthur Krause and children, Karen and David, 3002-76th st., spent their 4th of July weekend at their farm in West Plaines, Mo.

Before moving to Detroit, Mich., Mrs. Betty Wolfe visited with Mrs. Ginger Swierbinski, 2934 Forest Glen pkwy., for a weekend. While here, Betty visited with all her old neighbors.

Ginger also tells me her husband, Bob, is home after 19 weeks at Sheppard Air Force Base, Wichita Falls, Tex. Bob recently graduated from a U.S.A.F. technical course in air-conditioning and refrigeration as they apply to Air Force equipment and missile systems.

Mr. and Mrs. Wayne Bryant and family, 2921 Forest Glen pkwy., are home after vacationing in Wisc.

Dorie Keller, 2916 Forest Glen pkwy., was hostess at a bridal shower in honor of Betty Schoop, a hometown friend from Centralia, Ill. Dorie is going to be a member of Betty's bridal party.

Mrs. George Hartfield, Berwyn, Ill., is convalescing at the home of her son and daughter-in-law, Mr. and Mrs. George Hartfield, 2922 Forest Glen pkwy., following her discharge from Berwyn hospital.

Mrs. Olga Barkauski, president of the Woodridge Memorial V. F. W. ladies auxiliary announced that members of the organization volunteered to donate blood needed during heart surgery for Mrs. George Maciejewski of Lisle, Illinois, mother of Don Maciejewski, 2942 Westridge dr.

Mrs. Barkauski would like to extend special thanks to Mrs. Rose Freeman of Woodridge who donated blood even though she is not a member of the Auxiliary.

## Sipley Methodist Minister

J. L. Sipley, 5140 Fairview ave., Downers Grove, has accepted his first full-time appointment as minister of the newly formed Hope Methodist church of Woodridge.

After 43 years in sales work, Sipley decided to devote full time to his new profession. He has been active in church work as a teacher and on various committees and has studied correspondence courses since 1959 to prepare him for the ministry.

Sipley is a native of Madison, N.J. but, as a youngster, moved with his parents to Canada. He spent 3-1/2 years in the Canadian army and in 1920 started with Swift and Co., in Toronto as a salesman.

Mr. and Mrs. Sipley have two children, a daughter in Detroit, Mich., and a son in Elyria, Ohio, and three grandsons.

# ---ABOUT OUR CHURCHES---

## St. Scholastica

Teen club activities are as follows: On Friday, July 12, there will be a "Heat Wave Hop" in the St. Scholastica first-grade classroom from 7:30 p.m. to 11 p.m. Admission: 50¢.

The S.S. teen club have been invited to a Dance and Splash Party sponsored by St. Matthew's Church, Sat., July 13, at the Lombard Community Center. Dancing will be from 8 to 10 p.m., followed by swimming from 10 to 11 p.m. Admission is \$1.

Another swimming party will be held on Wed., July 17, in South Wilmington. Buses will meet at the S.S. school at 11 a.m. Admission will cover cost of transportation. This party is subject to cancellation in the event of rain.

Plans are being made for a S.S. church picnic to be held sometime in August. Committees have been appointed to locate a site, prepare refreshments and plan games and events. Ideas or suggestions will be welcomed by the committees.

### Summer day camp:

Many varied activities are keeping the children busy and interested. There have been trips to the Pfaff farm, the fire house, Sacred Heart Motherhouse and St. Procopius. The help of those now working is greatly appreciated. Additional help with the 4 to 5-year-old group is needed. Anyone wishing to volunteer may call Mrs. Alexander, WO-8-0584, or Mrs. Chappel, 964-2570.

## Surety Starts 3 Building Projects

Contracts to build a 44-unit high-rise apartment building at 5228 N. Sheridan rd., and a 64-unit low-cost urban renewal project on Chicago's south side have been awarded to Surety Builders, Inc., of Woodridge. In addition, Surety will also build a 300-home development on Chicago's north shore beginning in late Sept., according to Al Kaufman, president.

The foundation and first two stories of the Sheridan rd. building have already been completed, and apartments are being offered for Oct. 1, 1963, occupancy.

The urban renewal project is being constructed under Section 221 D-3 of the Federal Housing Authority act, and is only the first step in a program that is expected to involve ultimately a total of 1540 family units.

One hundred seventeen acres of prime north shore land have been divided into lots for 300 custom-built luxury homes which will range in price from \$35,000 to \$50,000.

"These construction contracts and our expansion into the north shore are only a part of our new program," Al Kaufman said. "Several more multi-dwelling projects are in the planning stages in the Chicago area."

## Village Baptist

Vacation Bible school was held June 17-June 28. Daily attendance averaged 70 children ages 4-14. Among the activities were verse memorization, Bible stories, music and crafts.

The final program was held Sun., June 30, with parents present. Paul Carpenter was awarded a prize for bringing the most children. Many others won bookmarks and ballpoint pens for memorizing their verses. Mrs. Lois Demmin was the chairman.

June 30 was Pastor Savage's last Sunday. The deacons are meeting to consider various candidates. Paul Munsen from Chicago State hospital will be the speaker on Sun., July 14.

The women's organization will not be meeting this summer. This last winter they were able to complete several quilts for Sunny Ridge children's home.

The young people are spending July 7-13 at Winona Lake in Indiana.

Carl Sarlo is speaking on different cults of religion on Wed. nights at 7:30 for the next month.

## Reorganization Progresses

Joe Vymetal, commander of V F W Woodridge Post #4739, states that the reorganization plans of the V F W are almost completed, although the group is still looking for additional members. "We will continue to function as an integral part of the community and hope to give other village organizations every possible assistance."

Vymetal went on to praise the W A A, police department and fire department for their cooperative efforts on July 4th in conducting the traditional fireworks display for the citizens of Woodridge. "It is through cooperation such as this that each individual organization can grow, resulting in the betterment of Woodridge."

## 4 H News

The June 11 meeting was our last meeting to be held in the school. We decided that we would have a picnic on Aug. 3 at the Weills' farm. We took a vote and decided to lower our dues from 25¢ to 10¢. This will take effect in July. Carl Finkbeiner gave a report on the federation meeting. Kathy Quinn gave a talk on her pony and Amy Hill gave a talk on her flower and vegetable gardens.

The June 25 meeting was held in the home of Amy Hill. We were told that we would meet at Frank Mabrey's home for the next meeting. We should be there at 6:30 p.m. so we can pick the teams for softball. We discussed the fair and the fair books were passed out and everybody was told how to fill out the entry blanks.

Susan Amoroso gave a talk on her garden. Amy Hill gave a talk on how to collect insects. Carl Finkbeiner gave a talk on egg production and also showed how to candle eggs. Nancy Dubs gave a talk on her flower garden. Willard Bredfield, Jr., gave a talk and demonstration on a diode checker.

## Women's Club

The Woodridge womens club, whose community project is the purchase of children's books for the library, held a garage sale to raise funds for this purpose on Sat., June 29. They have announced that a set of Dr. Seuss books has been ordered with profits from the sale.

# Special School Report

# REFERENDUM CALLED FOR JULY 20

## To Ask For 21 Cent Increase

The district 68 school board has called an election for Sat., July 20, 1963 to vote on an educational fund tax rate increase of 21¢ from \$1.05 to \$1.26 per \$100

assessed valuation. This special report has been prepared by your school board to acquaint you with the need for the referendum.

The increase is deemed necessary since the educational fund has had a deficit the past 2 years and faces an even greater deficit for the coming year. These deficits have come about by increasing costs. We have had to increase salaries of teachers to be able to recruit the better instructors that we want for our children.

Books, visual aids, in fact, all equipment has gone up in cost. Increasing enrollment, which is going up faster than our tax base, will go up even faster with proposed developments. While we received money from the builder for the construction fund, it will not be of benefit to the educational fund.

The educational fund deficit for 1963-64 will be \$31,000. An increase of \$0.21 per \$100 assessed evaluation will realize about \$25,000 next year. While this will not balance the educational fund, it would bring it more nearly in line. The increased income is needed to allow the schools to maintain present educational standards.

## Educational Fund

### Where The Money Comes From . . .

Balance July 1, 1963	\$ 34,650*
Taxes 1962 & 1963	\$ 88,200
State aid	\$ 80,212
Student & community services	\$ 12,425
<b>TOTAL OPERATING FUNDS</b>	<b>\$215,487</b>
Tax anticipation warrants issued (Borrowed against future taxes)	\$ 66,000
Other (petty cash)	\$ 75
<b>TOTAL NON-OPERATING REVENUE</b>	<b>\$ 66,075</b>
<b>TOTAL REVENUE</b>	<b>\$281,562</b>

\*The balance on hand July 1, 1963, represents prepayments of 1962 taxes which in the past have not been received until July and Sept., from the county collector. Thus far we have received \$75,074 or 58% of the total 1962 taxes. Past experience has been that only 30% was received before July 1. On this basis only about \$34,400 had been expected, which would have left a deficit of \$6,024.

### How It Is Used . . .

Administration	\$ 19,885
Instruction - (teachers' & principals' salaries, teaching supplies, special education)	\$185,140
Maintenance (custodial salaries, heating, utilities, maintenance)	\$ 24,850
Lunch program (milk)	\$ 4,200
Student & community services	\$ 5,325
Insurance	\$ 1,050
Capital outlay - equipment	\$ 1,430
Deficit transfer to transportation	\$ 3,300
Other miscellaneous	\$ 1,050
Contingency	\$ 215
<b>TOTAL Operating Expenses</b>	<b>\$246,445</b>
<b>NON OPERATING DISBURSEMENTS</b>	
Tax anticipation warrants retired (repayment of borrowed money)	\$ 35,000
Other	\$ 75
<b>Non-Operating Expenses (Total)</b>	<b>\$ 35,075</b>
<b>TOTAL EXPENSES</b>	<b>\$281,520</b>

From the above the real condition of the school district can be evaluated by comparing Operating Revenues and Operating Expenses.

For the next school year 1963-64 these are:	
Operating Revenues	\$215,487
Operating Expenses	\$246,445
<b>DEFICIT</b>	<b>\$ 30,958</b>
Net Outstanding Tax Anticipation Warrants (Net Debt) July 1, 1964	\$ 31,000

### ACKNOWLEDGEMENT

Your Board of Education wishes to thank the Editor and Staff of the Woodridge News Review for this opportunity to present a brief report on the present condition of your elementary school district.

We would also like to present our future plans and views on expected developments in the district as we see them now. In addition to the regular subscribers of the Woodridge News Review, this section of the paper is being distributed to as many citizens in the school district outside the village of Woodridge as possible.

The board of education is grateful to this newspaper for the excellent coverage of our regular and special board meetings given in the past, and we appreciate this means to give a complete report to all citizens in the district.

John O. Dahlberg, President  
Board of Education  
School District #68

## School Operating Funds Explained

The school district, by law, operates with three major funds in the budget. These funds are kept separated by the school treasurer and cannot be used for purposes other than that specified by law. These funds are shown below:

### 1. Educational Fund

This fund deals primarily with the instruction of the students and expenses involved in this instruction. Some of the major expenses involved are teacher and administrative salaries, the purchase of teaching supplies, maintenance of instructional equipment, the purchase of teaching equipment (projectors, reading machines, desks, etc.), and other purchases for such areas as athletics and the bookstore. These are not all the expenses in this fund, but they are the largest ones and are all related to the instruction of the student.

### 2. Building Fund

This fund deals primarily with the maintenance and operation of the buildings, the grounds, and the equipment used to maintain the buildings and grounds. The

major expenses in this fund are custodial salaries, fuel and light bills, repair of the buildings and purchases of additional equipment. If the school board wishes to do so, it is permissible to transfer to and pay from the educational fund custodial salaries, utilities and heating expenses. This permits use of the building fund to make small building additions or purchase land without the need of a bond issue.

The purchase of building sites also comes out of this fund if the money is available. If the money is not available in the fund, it may be obtained through a referendum.

### 3. Construction Fund

A. This fund comes into existence only as a result of a bond referendum. It is used to account for money received from the authorized sale of bonds and spent in building new school facilities. This money can be used only for construction.  
B. Special Construction Fund. This comes from donations and is usually restricted by the donor to use in building school facilities.

## Q&A Meeting Monday

For further information you are invited to attend a special meeting at Woodridge school on Mon. night, July 15, 1963 at 8 p.m.

Any School Board member or the Superintendent will be happy to answer any questions you may have. Their names and telephone numbers are as follows: Lewis Benckendorf, Wo8-3921; John Dahlberg, E15-2948; Ned Hill, Wo8-8645; Alfred Olsen, Wo9-4641; Olga Redfield, Wo8-9535; Charles Smeeth, E15-4127; Arthur Thuerk, Wo8-7181; or Thomas Tousignant, Wo9-1497.

## Impact Of W-M Development

In Aug., 1962, there appeared in the papers an announcement of the acquisition of 560 acres of land by the Winston-Muss Corporation for the purpose of building 2,000 homes. Recognizing the great impact this would have upon our school district, the school board made efforts to meet with representatives of Winston-Muss in order to gain a better idea of their plans and what steps should be taken by the district to meet the additional educational requirements. We were unable to arrange such a meeting at that time.

On February 28, 1963, the school board met with Robert Murphy, then a village of Woodridge trustee, to discuss school sites and requirements within the Winston Park development. After thorough examination of the proposed Winston Park plan, the school board sent this letter to the village trustees:

"Dear Mr. Roberts:  
"The Board of Education, School District 68, appreciates the invitation extended to us by Mr. Robert Murphy, Trustee of the Village of Woodridge, to discuss and present our views on school site requirements in connection with the proposed Winston Park Estates Subdivision.

"In order to meet future growth needs, your School Board has been making a continual study of site and building expansion requirements. A great deal of our time in recent months has been spent in discussion of the Winston development.

"After reviewing the preliminary plans, revised December 27, 1962, proposed by the Winston Park Estates Subdivision, we feel that to maintain adequate educa-

Turn to page 4

## Enrollment Increase Continues

One of the more difficult areas of projection for the Board is the accurate prediction of enrollment trends. This is caused by many factors, some of which are the building market, availability of money, actual family sizes and age breakdown and availability of parochial schools. The past history of actual total enrollment is of value as a base for future trends and are as follows:

Date	Enrollment	Class Rooms	Total Staff
June '59	101	5	4
June '60	234	10*	11
June '61	324	14	14
June '62	485	18	20-1/2
June '63	570	28	26-1/2
June '64	660	31	32-1/2

(Estimated)

\*Including 4 rented homes.

The three-room increase in the '63-'64 school year is being accomplished by the remodeling of the original Goodrich school built in 1926. The original estimates for the remodeling were in the area of \$25,000. By more selective changes the final contracts are \$16,000. Of this approximately \$5,000 is being spent for reconditioning the building, i.e., tuck-pointing, shoring floors, painting, re-wiring, etc. Thus for the \$16,000 two existing rooms (one of which is unuseable now) will be modernized and two new rooms will be built.

It will be necessary to add new rooms in 1964 to the Goodrich school because of expansion in the Winston Park Estates area. The money donated by the Winston Muss Corporation is specifically earmarked for this future expansion beyond the remodeling.

There are 2 classrooms remaining in Woodridge school which will be used for further expansion South of 75th st., in 1963-64 school year.

The beginning of the St. Scholastica parochial school has been and will continue to be a significant factor in providing additional educational facilities for this area.

## Referendum Facts

Sat. - July 20, 1963 - 12 noon to 7 p.m.

Residents south of 75th street vote at Woodridge school  
Residents north of 75th street vote at Goodrich school

Registration is not necessary, but voters must sign an affidavit that they are American citizens and residents of the State for 1 year; of the County 90 days; and the district for 30 days.

# W-M, District 68 Agreement

AGREEMENT made this 13th day of June, 1963, by and between WINSTON PARK ESTATES, LTD., a Delaware Corporation, hereinafter called "WINSTON PARK" and SCHOOL DISTRICT NUMBER 68, Du Page County, Illinois, hereinafter called "DISTRICT".

WHEREAS, WINSTON PARK is in the business of developing new subdivisions and selling homes therein; and,

WHEREAS, WINSTON PARK is proposing to develop a new subdivision in the general area east of Illinois Route 53 and immediately north and south of Hobson Road containing approximately 1850 residential lots; and,

WHEREAS, all of said proposed subdivision falls within the boundaries of the DISTRICT and will create a very substantial burden upon the DISTRICT in terms of its physical plant needs and in terms of the operating costs; and,

WHEREAS, both parties hereto recognizing the importance of cooperation between a developer and a school district so as to assimilate the school pupil growth more readily into the system, have met and arrived at an understanding as to what provisions will be voluntarily made by the Subdivider to assist the school district;

NOW, THEREFORE, it is agreed as follows:

1. That WINSTON PARK shall donate the sum of FIFTY THOUSAND AND NO/100 DOLLARS (\$50,000.00) to the DISTRICT to be used for building purposes on the Goodrich School site or on the two sites which WINSTON PARK shall donate as hereinafter provided. Such sum shall be payable in the following manner: THIRTY SEVEN THOUSAND AND FIVE HUNDRED AND NO/100 DOLLARS (\$37,500.00) upon execution hereof and the balance on or before February 1, 1964.

2. That in the event the rezoning now applied for is substantially granted so as to permit the platting of over 1700 residential building sites in the area represented by the Master Plan of the development, which said plan is attached hereto and made a part hereof as Exhibit "A", WINSTON PARK shall further donate the sum of TWENTY-FIVE THOUSAND AND NO/100 DOLLARS (\$25,000.00) on or before February 1, 1964.

3. That WINSTON PARK shall donate, without restriction, two school sites, on or before the 1st day of March, 1966, one to be located and of the size as shown on Exhibit "A" attached hereto with additional provision for adequate access to the street north and east of said site, and the other to be located in the northeast forty (40) acres of the old Vial Farm and to have eight (8) acres of area.

4. That WINSTON PARK shall grade and fill the said sites as necessary to bring each to a proper grade not less than six (6) inches above the lowest point of the center of the street adjacent to the site, but in no event graded so as to provide a substantially lower grade than the adjoining properties.

5. That WINSTON PARK shall further compact any fill that may be placed upon the said sites to 95% Proctor, but in no event less than 3500 pounds per square foot bearing capacity. Sufficient top soil to cover such sites to a depth of not less than four (4) inches shall be placed upon each new site for use after erection of the school building.

6. That WINSTON PARK shall further provide proper storm water drains, sanitary sewers and water service for the two new sites as well as for the Goodrich School site, and so installed so as to require no additional facility to use same except connection thereto. All such utilities shall be brought to the property line without cost to the DISTRICT at the time the adjacent property is developed, but that in the case of the Goodrich site such utilities shall be brought to the property line of the School site on or before August 1, 1964. WINSTON PARK may determine the point on such line to which the utilities shall be brought, limited, however, to the requirement that the site may be served from such location without any other cost than such connection.

7. That the DISTRICT shall deposit the monies paid to it by WINSTON PARK in a special account which shall be used only for building purposes on the Goodrich site or on the other two sites donated by WINSTON PARK. That in the event School construction is not begun on or before February 1, 1965, (provided that all monies contemplated herein have been deposited with the DISTRICT and all deeds conveying merchantable title, as evidenced by a current preliminary report on title made by Chicago Title and Trust Company, shall have been delivered, all pursuant to this agreement) and completed on or before February 1, 1966, to the value of not less than such money deposit, such monies shall be refunded to WINSTON PARK. For the purpose of this paragraph, time is of the essence.

8. That WINSTON PARK hereby acknowledges that the obligations to be undertaken by the DISTRICT are sufficient consideration to support this Agreement and that WINSTON PARK shall not in any way attempt to abrogate this Agreement although similar agreements may have been held invalid by the Courts of the State of Illinois.

IN WITNESS WHEREOF, the said WINSTON PARK ESTATES, LTD., a Delaware Corporation, has caused these presents to be signed in its behalf by its President and its corporate seal to be hereunto affixed and attested by its Secretary, and the said SCHOOL DISTRICT NUMBER 68, Du Page County, Illinois, has caused these presents to be signed by the President of its Board of Education and attested by the Secretary of the Board of Education, on the 13th day of June, 1963.

## Impact Con't From Page 3

tional facilities and a sound educational program, the following must be accomplished:

1. The initial influx of children from the new development will logically be served by adding to the Goodrich school. However, this school cannot be expanded further because its sewerage facilities are now at maximum capacity as specified by the County Health Department. Therefore, to provide needed classrooms, it will be necessary that public sewer connections be made available to this school.
2. With the announced Winston Park plan of approximately 1850 homes, it is apparent that a minimum of two additional school sites will be required to adequately service the area. These sites should be: (a.) At least 8 acres adjacent to the Walnut Ave. access road and the gas easement in the area south of Hobson Road. (b.) At least 8 acres located north of the drainage easement and convenient to the main Hobson access road in the area between 63rd and 59th street.

"The school site proposed by the subdivider is not suitable primarily because of its location.

"The School Board again wishes to express its appreciation of this opportunity to present its views. We would welcome further discussions with the Village Board of Trustees on these matters which are of mutual interest and concern to all of us."

A legal notice appeared in the Lisle Advertiser, May 23 announcing a zoning hearing on June 13 to consider rezoning which would allow Winston-Muss to build homes on 8,200 sq. ft. lots (minimum). The school board met with the village of Woodridge trustees to ascertain the progress of their negotiations with Winston-Muss. On June 9, four members of the

school board met with Joshua Muss, vice president, and came to a tentative agreement which was drawn, approved, and then executed on June 13. To acquaint the people of our school district with the terms of this agreement, it is reproduced in this report in its entirety.

The initial payment of \$37,500 was made to the district on June 13, 1963. At the zoning hearing on the same day, John Dahlberg read the following statement:

"At a meeting of the Board of Education of School District #68 held on June 12, 1963, the President was directed to read the following statement at this hearing and I do so now.

"We recognize that the Winston Park Estates Subdivision development will create an additional burden upon the elementary school district because of the increased number of pupils to be served. We further realize that it is our obligation

to serve all those pupils who live, or will live, within the district.

"We also recognize that school districts are not permitted to levy taxes or charge assessments except in accord with the statutes of the State of Illinois. This means that we must have approval of voters to increase our levies for educational purposes or to secure authorization to issue bonds for purposes of building new classrooms. Thus we cannot say to any subdivider you must give us \$50 or \$100 or \$500 per home.

"We can only seek to acquaint the subdivider with the problems and needs of the school district and thereby interest him in volunteering assistance to finance the additional classroom demands.

"In this case we and others have done just that and the subdivider has agreed to donate two new improved school sites and provide sanitary sewer and water utility connections to the Goodrich School at no cost to the district and to give the sum of \$50,000 to assist the district in this initial development. He has further agreed to give an additional \$25,000 in cash in the event he secures the zoning substantially as requested in this hearing.

"A formal agreement has been signed by the school district and the developer, and the initial payment of \$37,500 has been made to the school treasurer.

"For these reasons and because the school board recognizes that at any time in the future another developer may come along and try to develop the same sort of subdivision without making any provision

for the additional land and school rooms necessary, the Board of Education of School District 68 does not oppose the proposed rezoning."

The apparent effect of this agreement will result in tax savings to the school district's Bond and Construction fund of:

Cash deposit to school treasurer	\$50,000*
16 acres improved land @ \$4,000	an acre \$64,000
Expanded sewerage facilities at Goodrich	\$40,000
<b>TOTAL</b>	<b>\$154,000</b>

\*-If Zoning request approved, add \$25,000

Trustee Trial

Con't from page 1

according to a fire regulation from the state fire marshal that limited board room capacity to 25 people.

A letter was later introduced in evidence during the testimony of witness for the defense, state fire marshal John McFarland, of West Chicago, who appeared by subpoena.

Sgt. Jerome Szczepaniak, Woodridge, subpoenaed as a defense witness, said he was the officer on duty at the door on the evening of the June 6 meeting and had been instructed to admit 25 people into the village hall board room.

Woody said that after he had been refused admittance, he had remained outside the hall and during that time had obtained signatures of 21 people who were also refused admittance.

McClure asked Woody why he had signed the complaints.

Woody answered that he felt that someone other than the citizens affected should view the situation for some solution.

When asked why a complaint had not been filed against President, William T. Roberts, Woody answered that he understood Roberts wished to have the meeting moved to the school.

Leon Werch, the sixth trustee, was not present at the June 6 meeting.

Other witnesses for the prosecution, Ralph Kennell, Arthur Thuerk, Hester Thuerk and Gerry Woody, all of Woodridge, stated that they were refused admittance and were given an unsigned paper explaining that the hall would hold only 20 people according to fire regulations.

written in pencil. The paper further stated that the board would hold meetings deemed of high public interest in a larger place.

These witnesses testified that there were about 20-25 people outside the hall and looking in the windows.

Examination brought out that on the agenda for the meeting was the approval of salaries for the village officials. Wiggins stated that he felt this action was not of high enough public interest to move the meeting place.

Robert Murphy testified for the prosecution that he gained admittance at about 8:00 p.m. as one of two reporters for the Woodridge News Review.

Faye Hoffman, village clerk, testified for the defense that according to Ordinance 59-3 of the village of Woodridge which was submitted as evidence, the legal meeting place for the village board was designated as 2909 Forest Glen pkwy.

John T. White, Woodridge, appeared by subpoena to testify for the defense that he arrived about 8:10 p.m. and estimated that about 20-25 people were outside the hall.

Richard Dillon, also of Woodridge, testified he arrived at 7:05 or 7:10 p.m. and gained admittance.

Testimony of the other four defendants indicated that they gave no instruction to restrict people, that they were not aware that people were being denied admittance to the meeting.

Redmond testified that no motion or sug-

gestion was made by President Roberts to move the meeting to another location.

Peterson summed up the case for the people by saying that the board knew that residents (taxpayers) would be unable to attend and they had notice of the fire regulation. He said that the board knew that more than 15 people wanted to attend as indicated in testimony about previous meetings since their elections and that they did not move the meetings to a larger place until after they had been served the complaint.

McClure stated the defense had shown that it was a public meeting that the working press and the public were present. He said they had shown it was not a secret meeting, that the board had not carried on public business in secret and did not intend to do so and that no discrimination was

shown as to those admitted to the meeting.

Peterson said that 10-15 out of a possible 1500 adults doesn't seem a feasible number to expect in attendance. The state maintained that the trustees acted in a way of being deliberate in limiting the number of people able to attend since they had had time to change the ordinance providing a larger meeting place and had done nothing about it.

Public Works Marks Street Faults

The village public works department is marking major faults in the streets in units 1 & 2 in preparation for repairs according to Commissioner Jack Trask.

The holes and depressions will be filled when the village receives approval of the revised motor fuel tax resolution from the state.

Marking in unit 3 is being done in anticipation of a final inspection. These streets are not yet the village's responsibility, Trask said, and they will not be accepted by the village until the holes and depressions are repaired.

Trask added that unpaved streets in the village will be asphalted when the road bed hardens sufficiently. He hopes to avoid depressions and faults caused by rushing the paving process and not allowing time for settling of sewer lines, etc.

Fire Department News

Capt. Henry Wilgus reports that he now has 19 volunteer firemen but would like to bring his crew to 25. He especially stressed the need for men who work nights and are willing to give up part of their time during the day.

The firemen who were unable to attend the clinic held by the Lisle fire protection district have been out on the truck getting practical experience and information to enable them to do their work quickly and efficiently.

Wilgus again reported a quiet two-week period, with only one first-aid call. A resident was taken to the hospital at 1 a.m. when a finger was injured in a fan.

Lisle Savings Announces Earnings

Chester S. Renn, President of Lisle Savings and Loan Association has announced that a record \$58,384.00 has been distributed in earnings to savers for the semi-annual period ending June 30, 1963.

"It has been the standing policy of this institution to pay the highest rate of earnings on savings accounts, consistent with safe and sound management and investment practices", Renn added.

Lisle Savings and Loan Association is a member of the Federal Home Loan Bank System, United States Savings and Loan League, Illinois Savings and Loan League and the Savings and Loan Foundation. All savings accounts are insured to \$10,000 by the Federal Savings and Loan Insurance Corporation, a permanent agency of the United States Government.

Babe Ruth?

Bob Burns

The highlight of the past two weeks of baseball in Woodridge was June 27 when Bob Burns of the Cards hit four homeruns in four times at bat. Bob's amazing record resulted in a 16 to 7 victory over the Braves.

LEGAL NOTICE ORDINANCE NO. 63-15. An Ordinance making appropriations for Corporate purpose for the fiscal year beginning May 1, 1963 to April 30, 1964. BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF WOODRIDGE, DU PAGE COUNTY, ILLINOIS: SECTION 1. That the following sums, or so much thereof as may be authorized by law, be and the same are hereby appropriated for all corporate purposes for the fiscal year beginning on the 1st day of May, 1963, and ending on the 30th day of April, 1964, and the objects and purposes for which said appropriations are made and the amounts hereby appropriated for such purposes are as follows; to wit: OPERATING EXPENSE OF THE VILLAGE AND OFFICES IN CONNECTION THEREWITH AND SALARIES OF SPECIFIED OFFICERS EXECUTIVE AND ADMINISTRATIVE Salary of President \$1,560.00 Salary of Village Clerk 2,400.00 Salary of Deputy Clerk 480.00 Salary of Police Magistrate 180.00 Salary of Treasurer 600.00 Salary of Building Commissioner 300.00 Compensation of Village Trustees (6) 4,680.00 Compensation of Purchasing Agent 120.00 Compensation of Building Inspectors 1,700.00 Postage, stationery, printing, office and maintenance supplies 2,940.00 Insurance and Public Official Bonds 400.00 Gas, Light, Water, Telephone for Village Hall and Barn 800.00 Rental for Village Hall Space, Village Barn Space and other necessary meeting space 1,680.00 Expenses of Village officials and Village Officers on Village Business 685.00 Annual Dues to Municipal League and other Organizations 200.00 Court Reporting 380.00 BOCA Consultation 300.00 Auditing Fees 300.00 ENGINEERING \$19,705.00 For payment of Engineers Fees for services in connection with Village Business and Affairs \$2,500.00 LEGAL Legal Fees \$6,000.00 Legal Publications and Notices 280.00 \$6,280.00 ELECTION EXPENSES Expenses for general and special elections \$ 500.00 BUILDING AND GROUNDS DEPARTMENT For maintenance of Parks and Grounds 550.00 For Janitor Service and Supplies 450.00 \$1,000.00 POLICE DEPARTMENT Salary of Chief of Police \$6,600.00 Salary of Full-Time Officer 5,000.00 Salary of Part-Time Officers 3,000.00 Salary of Radio Engineer 250.00 Maintenance of equipment and replacements 2,000.00 Insurance and Police Official Bonds 1,100.00 New Equipment Reserve 500.00 Operating Costs: Gas, Oil, Telephone, Radar and Radio Dispatching Service 3,500.00 Office Supplies 670.00 Miscellaneous Expense - Travel and Training Expense 1,000.00 \$ 5,170.00 CONTINGENT FUND For miscellaneous and contingent expenses not included in the appropriation to cover unforeseen requirements \$4,000.00 TOTAL - GEN. & ADM. \$57,605.00 STREET AND ALLEY DEPARTMENT Salaries and Wages of Employees \$ 400.00 New Equipment-Trucks, Welder and Miscellaneous Lease Rental 4,400.00 Gasoline and Motor Oils for Equipment 900.00 Cost of Repair to Equipment 600.00 Insurance 500.00 For Miscellaneous Expenses 600.00 \$7,400.00

STREET LIGHTING EQUIPMENT For maintenance of Ornamental Lights For rent-purchase of street lighting equipment and materials Electric Current for Street Lighting Equipment \$600.00 SPECIAL FUNDS State of Illinois Motor Fuel Tax Fund Wages \$6,400.00 Equipment Rental 3,000.00 Cinders (30 Ton) 120.00 Salt (50 Ton) 700.00 Other 4,500.00 Reserve 2,500.00 \$17,220.00 VEHICLE TAX FUND For expense of improving and maintaining streets in addition to the items mentioned elsewhere in the ordinance for that purpose \$ 3,300.00 The foregoing amount for the expense of improving and maintaining streets is hereby appropriated from the sale of Vehicle Tags TOTAL - STREETS & ALLEYS, LIGHTING, SPECIAL & VEHICLE TAX FUND \$28,520.00 VILLAGE HALL FUND For purchase of site and construction of Village Hall \$ 25,000.00 The foregoing items from the Village Hall Fund are hereby appropriated from the proceeds received from builders and subdividers, and other sources contributed for this purpose GRAND TOTAL OF ALL APPROPRIATIONS \$111,125.00 SECTION 2. The appropriation herein for the payment of "Liabilities", "Contract Liabilities" or "Unpaid Bills", if any, shall not be construed as an approval of any such liabilities or unpaid bills, but shall be regarded only as an appropriation for the payment thereof, when and if they shall be found to be valid and legal obligations against the Village of Woodridge and have been properly vouchered and audited. SECTION 3. Any and all monies heretofore appropriated and not expended, which now remain in the treasury of the Village of Woodridge, are hereby duly appropriated under the provisions of this ordinance. SECTION 4. The appropriations made herein for salaries and wages for positions shall be regarded as maximum appropriations as to the sum appropriated, and the number of positions specified, and the length of time for which the incumbent of each position is to be employed. No employee shall have the right to demand continuous employment and compensation by reason of the appropriation, if it becomes necessary to discharge him or her on account of lack of work or lack of funds. In case of any vacancy in any office or position herein appropriated for, the head of the Department in which the vacancy occurs shall not be required to fill such office or position if, in his or her own judgment and discretion, there is no necessity thereof. SECTION 5. That all unexpended balances of any item of any appropriations made by this ordinance may be expended by making good any insufficiency in any item or any other appropriations made by this ordinance. SECTION 6. All ordinances, or parts of ordinances inconsistent or in conflict herewith, shall be, and the same are, hereby repealed. SECTION 7. If any item or portion thereof of this Appropriation Ordinance is for any reason held invalid, such decision shall not affect the validity of the remaining portion of such item or the remaining portion of this ordinance. SECTION 8. This ordinance is declared to be urgent and necessary for the immediate preservation of public peace, health and safety of the general public, and shall therefore take effect and be in full force from and after its final passage, approval and publication, as is by law required. PASSED BY THE PRESIDENT AND BOARD OF TRUSTEES THIS 5th day of July, 1963. AYES: Trustees Callahan, Hansen, Kinser, Redmond, Werch and Wiggins NAYS: None APPROVED THIS DAY, 1963. President, Village of Woodridge FILED IN MY OFFICE THIS 6th DAY OF July, 1963. Signed - Faye D. Hoffman Village Clerk Published in pamphlet form this 8th day of July, 1963. Signed - Faye D. Hoffman Published in the Woodridge News Review July 11, 1963.
