

## Master Plan For Catholic Site

Pictured above is a model of the master plan for the parish buildings of St. Scholastica Parish. The site is an 8.8 acre plot on the west side of Janes ave., adjacent to the public school property on the north. The present plan, which is in the engineering drawing stage, calls for the construction of a modern eight-classroom school and attached gymnasium which will be used temporarily for a church. In the future there will be the addition of eight or more classrooms and a church, rectory and convent.

As can be seen from the model, there will be ample parking area and play area. During non-use periods, the parking areas can be used also for play areas.

The lines on the model show contour levels of the property. There is a two-

foot differential between each line.

The model was prepared by the architectural firm of Louis H. Gerding and Earl Roy Wardrum, of Ottawa and Joliet, (Ill.) who are the architects for the project.

In the classroom there will be a maximum of wall space and a minimum of glass area. This will provide for more tackboard and blackboard area. The proposed church would have the altar located in the center with three wings facing the altar. This would bring the congregation closer to the altar of sacrifice. The sacristies and baptistry would be located toward the rear of the church.

The parish is presently engaged in a building fund drive to provide for the necessary capital to build the initial phase. The drive was begun in April of 1963 and

over \$90,000 was pledged by 200 pledgers. Father Kloefer, pastor, stated that the pledges have generally been kept up but would remind parishioners that the faithfulness of all pledges is extremely important to the success of the program.

## Yanks Win Title

The Rochkes Pharmacy Yanks, managed by John Narducci, clinched the 1963 Woodridge Athletic Association boys' baseball league championship last week when they beat the "500" Tire Braves 16-5. The game was highlighted by the pitching of the Yanks' Cliff Guernsey and a sensational catch by Yank rightfielder Joe Hill, who managed to hang on to a flyball after colliding with teammate Al Vincencio.

This is the third time in the four-year history of the league that the Yanks have either won or had a share of the title. The Sox won the championship in 1960; the Yanks and Cubs tied for the title in 1961 and 1962.

The Yanks' record stood at 14 wins and 4 losses with 2 games to go. The Egizio Chevrolet Cubs finished in second place.

Trophies will be presented to the members of the Yank team at the WAA's family night on Wed., Sept. 4.

## Water Co. Pump House Explodes

Bricks were hurled over 200 ft. into the back yard of Mrs. Kenneth McDonald, 7644 Woodridge dr., Aug. 6 when the new pump house belonging to Woodridge Sewer and Water Co., exploded.

Children playing in the yard shortly before the explosion ran to tell their mother when they heard a rumbling sound coming

## Judge Larson Resigns

Walter Larson

Judge Walter Larson has submitted his resignation as police magistrate of Woodridge. Larson, one of Woodridge's first settlers four years ago and one of its most active contributors, is moving from Woodridge.

His public life in Woodridge began as a trustee on the first Woodridge village board. He was chairman of the building and zoning committee of the board and, in his capacity as a board member, was active in the formation of the Woodridge substation of the Lisle fire protection district. He was the fire captain of the Woodridge division until June of 1961.

Larson has also been Woodridge's civil defense director.

from the building and noticed water coming out the door. Mrs. McDonald attempted to notify water company officials but was unable to reach them. The water level had reached the windows inside the building when the explosion occurred.

There was no interruption of service to village residents because the old water system was still in use. The new pump house had not been in active operation as there was still electrical work to be finished.

According to Wayne Bryant, company superintendent, chlorine tablets had been put into the new lines to purify the pipes and enough water let into the lines to dissolve the tablets. After four or five days, the chlorinated water was flushed out and the pipes were filled with fresh water ready for operation.

Bryant estimated the original cost of the building at \$20,000 - \$30,000 with a 90% or greater, loss. The cause of the explosion is still being investigated.

## VFW Auxiliary Praises Residents

Thanks to the many people who attended the spaghetti dinner and those who so generously donated to the canned food drive, both functions of the Ladies Auxiliary of the Woodridge V. F. W. were successful, said Mrs. Olga Barkauski, president of the auxiliary.

In a special election Nov. 17, 1962, he became Woodridge's fourth and last police magistrate. At that time he resigned as village trustee to fulfill the demanding job of magistrate.

The fact that he is the last magistrate

## Village Board News

Trustee David Callahan was elected chairman pro tem for the Aug. 12 village board meeting in the absence of President William Roberts who was out of town. Also absent were Trustee Edward Redmond and James McClure, attorney.

Callahan, as chairman of the public protection committee, reported that the culvert under Westview ln. at the entrance to the park in in bad condition from erosion and presents a hazard to children who play there. He recommended that gravel and dirt be put in and planting be done to prevent further erosion. Callahan also said that there is deadwood in the village which should be removed.

Other business relating to the park area was Trustee Marvin Wiggins' recommendation that the village pay the back taxes on the park, a total of \$461.88. If not paid in a ten-day period, a \$50 penalty would be added.

John Trask, commissioner of public works, was directed to look into the possibility of obtaining at least 250 and up to 1,000 railroad ties for use in landscaping the park.

### Reconsider Solicitor Licensing

The public protection committee was directed to study the ordinances covering the registration of solicitors and peddlers to see if more stringent rules could be adopted and to determine whether or not fingerprinting of solicitors is legal. The committee is also to study the possibility of licensing and limiting the number of persons allowed to solicit.

## Another Dynasty?

Just like their namesake in the major leagues, the Yanks of the Woodridge boys' baseball league have again been involved in the league championship. This year they won the undisputed championship after having tied for the title with the Cubs for the past two years. Maybe there is some magic in their name.

More important than winning, of course, is the opportunity the Woodridge Athletic Association has given the kids to spend their summer in worthwhile recreation in which the kids not only build their bodies but also their characters by teaching them the value of teamwork.

We extend congratulations to the WAA for another fine job this summer and also to the other organizations, such as the scouts and the 4-H, for their work in providing needed recreation for the kids in Woodridge this summer.

This will be the third full year at Woodridge and the 37th year at Goodrich. Thomas Tousignant, superintendent, has predicted the total enrollment by the end of the year will increase to 650-675.

The teaching staff has been increased from 27 to 30 with the addition of a half-time woman physical education teacher and a second grade and seventh grade added to the total number of classes.

Expected enrollment by grade:

There are two rooms at Woodridge school not used for classes. One room will be used as a music and speech room and the other as the superintendent's office. The office previously used by the superintendent is now the principal's office.

Last year's rule pertaining to students carrying their lunch to school will be followed again this year.

School registration will close at noon on Wed., Aug. 28. Parents who have not yet enrolled their children are urged to register them on or before the above date. ## St.Scholastica Picnic

If fun, games and good times are any measure of success, then the first picnic of the St. Scholastica parish was a great success.

About 100 people enjoyed a sunny and pleasant day at Fullersburg Park. Foot and wheelbarrow races were enjoyed by the children and the moms and dads got into the act with the egg throwing contest and throwing water filled balloons.

Except for the balloon game and a few accidental dunki in the Salt Creek everyone else stayed dry.

The men enjoyed a good ball game while the mothers cleared away the tables.

A tired and weary group trudged to their cars by dark after having enjoyed a full day of activities with family and friends.

## Resident Hurt In Auto Crash

Home from Hinsdale hospital after being treated for head lacerations and possible brain concussion is Doreen V. Dunham, 18, daughter of Mr. and Mrs. Paul Dunham 3014 Everglade ave.

Miss Dunham was injured when the car she was driving was struck by another automobile driven by Stephen A. Gerlicher, 21, 1229 N. LaGrange rd. Gerlicher, according to police, was eastbound on Ogden when Miss Dunham began turning left in front of his car into Belmont rd. He said he put on his brakes, but was unable to avoid the collision.

*Dream Becomes Reality*

A dream which began seven or eight years ago on a camping trip in the Rocky Mts. was fulfilled when Mr. and Mrs. Francis Campana completed a grotto in the back yard of their home at 2635 Forest Glen pkwy.

It was while vacationing in the mountains that Mrs. Campana decided to re-create a little of the wonder of nature in her own yard and began to collect rocks and stones that would eventually be used. The rocks have come from approximately 13 states, including a piece of wood from the Petrified Forest, and were carefully placed by Mr. Campana under the direc-

tion of his wife who did the initial planning. Mrs. Campana said this could also be called "friendship's garden" inasmuch as so many of her neighbors have given plants and slips to be used in the landscaping.

The focal point of the grotto at present is a 30 in. statuette of St. Francis of Assisi, the patron saint of birds and animals. A small waterfall will soon be completed which will add to the serenity of the retreat, and the Campanas invite their friends and neighbors to drop by to see the dream that became a reality.

### GET WELLS TO:

Doreen Dunham, home from the hospital after an automobile accident; Barb Willis; Darlene Bailey; Verne Campise; Geane Modersohn and to Chuck Carpenter, 7624 Catalpa, who is back to work after minor surgery for a knee infection.

Back to the village it is for George and Mary Lou Hartfield, 2922 Forest Glen, who spent a second honeymoon at the Wisconsin Dells; Dick and Max Anders, 2928 Jonquil N., who vacationed back home in Danville, (Ill.); the Jim Knopps of Everglade who visited former neighbors the Bob Nelsons, in Wisconsin; and Mrs. Joe Vymetal, 7704 Westview, who visited with her mother and dad in Lake Geneva, Wis.

Woodridge also had its share of "visitors". Barb Russo had her brother and sister-in-law visiting from Massachusetts; Harvey and Pat Moe, 2927 Everglade, have her mother visiting from England. The Derrell Brames, 2951 Jonquil N., had his mother and dad up from Carbondale, (Ill.) for a week.

Mrs. E. E. Manges of Boone, Ia., spent a pleasant month visiting her son and his family, the Bob Mangeses, 7528 Walnut. Before this visit, Bob and Shirley were happy to have her father, Mr. Harold Clemens of Ames, Ia., spend a week with them. Shirley then accompanied her father to Cleveland, O., for the annual convention of the Independent Sewing Machine Dealers Assoc. of which Mr. Clemens is a board member.

Chenzie and John Narducci, 7820 Jonquil Ct., entertained 10 or 11 "little leaguers" on the 21st when they had the winning "Yanks" over for a weiner roast for the third successive year.

Happy Birthday, Al Raymond and Bill Woody. Thirteen couples were invited to the Raymonds' home on Aug. 17 when the wives pulled off a surprise party with friends and relatives in attendance.

Shirley Miller, 2939 Forest Glen, entertained Aug. 16 at a coffee to say welcome to new next-door neighbor, Irene Krafchak.

Officer John T. White became the proud papa of an 8-1/2 lb. baby girl on Tues., Aug. 13 (with some help from wife Patricia!). Mrs. White is the police clerk for the Woodridge police department and gave birth to the baby at Hinsdale hospital.

And while we're at it, welcome to Woodridge to new "move-ins" during July: Charles and Ethel Hill, Robert and Mary Crawford, Norman and Virginia Fullerton, William and Carol Robertson, Irving and Susan Maves, William and Geraldine Hoffman, Wilbur and Phyllis Ames, Robert and Lillie Campagna, Herbert and Virginia Neder, James and Marlene Burnetter, Clyde and Diana Graham, Paul and Winifred Zander, Edward and Martha Allen, Kenneth and Garnet Smith and Edward and Bessie Kavanaugh.

### H.S. Diploma Project

"Project: High School Diploma" gets underway this fall at Downers Grove high school in cooperation with the correspondence division of the University of Nebraska.

In announcing the timely plan, School Supt. Glenn E. Pickrel said that its purpose is to provide an opportunity for individuals who have not completed their high school training to do so through what is described as a "supervised home study program."

Specifically, the program is designed to meet the needs of such individuals as: Those who have previously attended high school but did not receive a diploma; those who have reached the age of 21 but have not been enrolled in a program leading to a high school diploma; those who are enrolled as seniors in the regular high school program but need an additional unit of work to complete graduation requirements; those who have a high school diploma but wish to take additional courses.

Residents interested in the project should call or write Clarence W. Johnson, DGHS principal, 4500 Main st., Wo8-1770.

### WAA "Family Night" Sept. 4

The Woodridge Athletic Association will sponsor a special "Family Night" program Sept. 4 at Woodridge school, 7:30 p.m. All participants in WAA activities and their families are cordially invited to attend.

Presentation of trophies to the first, second and third-place little league baseball teams will be made, with individual medals to members of the champion Yankee team.

Three films will be shown including the movie "Jamaica-No Place Like Home" which WAA President Virgil McPherson describes as "an excellent travel film produced by the Jamaican Consulate."

Ice cream and cake for young people and coffee and cake for adults will complete the evening's entertainment.

McPherson also reports continuing progress on clearing the south end of the athletic field in preparation for a new recreation area. "Thanks to Mr. Kaufman of Surety Builders we are getting some heavy equipment to help out with the job of clearing and leveling the area," McPherson said.

### Erlenborn To Seek Hoffman Post

State Representative John N. Erlenborn of the 36th District, DuPage county revealed his candidacy for the Republican nomination for U. S. Representative from the 14th Congressional District, DuPage and Will counties last week.

The incumbent congressman, Elmer Hoffman, will seek the GOP nomination for the Illinois secretary of state.

In announcing his candidacy, Erlenborn said, "Government, like any business, should be economical, efficient and effective. In government, as in business, useless expenditures, operations and positions should not be tolerated. The Federal government's existence is based on aiding the 50 states in doing those things a single state cannot do for itself. The Federal government exists to protect the individual rights of all the citizens."

Village Clerk Faye Hoffman announces that the village clerk's hours are changed to Tuesdays, 7 to 9 p.m.; Thursdays, 1 to 4 p.m. and Saturdays, 9 to 12 p.m. The village hall is at 2909 Forest Glen.

WOODY WOODRIDGE IS ON VACATION

### Police News

Five Woodridge police officers and one squad car went to Downers Grove on Aug. 7 to assist in traffic and crowd control during a fire at the Loskagian Rug Co. on Ogden ave. Officers remained on duty until 12:45 a.m.

On Aug. 11 Chief Joel Kagann arrested Daniel W. Campbell, 19, 612 Bangs st., Aurora, and charged him with having a fictitious license plate and open liquor in the car. Bond was set at \$100. Also charged with open liquor in a car with bond set at \$50 were Harry L. Vandeventer, 19, Aurora Y.M.C.A., and John T. Spurlin, 18, 715 Grand, Aurora. The case is set before Justice of the Peace Lester P. Reiff on Aug. 19.

Teenage disturbances were reported on Aug. 2 when youths threatened to kill two Woodridge boys on separate occasions.

Property damage occurred on the same day; a nearby resident reported boys going through his property and cutting trees in the woods. Six trees were taken down, each at least 40 ft. in height.

Further damage in the village involved a culprit who cut a clothes line and walked away with it.

A disturbance was reported on Everglade ave. and again on Crabtree ave. on Aug. 9 involving youths enroute home from a teen dance.

A suspicious man was reported on Aug. 9. It turned out, however, that he was from the new Grants Store and giving out balloons carrying the name of the store after receiving a permit to do so.

On Aug. 8 two notifications were given: one out-of-state for a resident in an attempt to locate a lost brother and another notifying the Downers Grove police that a resident's daughter was involved in an automobile accident and was at the Hinsdale hospital.

Three vicious dogs were reported during the period, one of which had been killing sheep and attacking passersby. Other reports received by the police department included one lost license plate, two suspicious cars, two stray dogs, an abandoned car on Rte. 53, damage to a bicycle, a lost child and repossession of an auto.
