## WWC Starts Blood Bank Drive

Woman's Club president, Hester Thuerk has announced that representatives from all village organizations will meet Jan. 21 at 8 p. m. at the village hall in a session that will launch the Woodridge

Woman's Club's first large project. May 23 has been tentatively scheduled for the Mt. Sinai Blood Mobile to locate here. "We need the support of all village groups," Mrs. Thuerk said, "to insure the success of this blood bank project which will benefit both the donor and his family."

The contribution of one pint of blood by a member of the family will insure the family any amount of blood needed for one year. If there is more than one donor per family, another family may be designated as blood recipients.

Forms for the blood contribution pledges have been distributed throughout the village to organization representatives. The Blood Bank asks that a specific quota of donors is pledged before the date can be confirmed. A minimum of 65 donors is required to have the blood bank come to the village. One blood bank staff can handle a maximum of 120 people. A pledge by the minimum number of people is necessary by Jan. 31.

## Vrany Attends IEA Meeting

Lad Vrany, Woodridge school principal, was among the 38 delegates from the Du Page Valley division to the 110th annual meeting of the Illinois Education Association at the Sherman House, Chicago, Dec. 26-28.

Some 770 delegates elected by 21 regional divisions of the association throughout the state represented the 65,000 members of the organization.

Important issues to be discussed and voted upon by the delegates included legalized professional negotiations, teacher certification, teacher retirement, appointed state superintendent, federal aid, and school district reorganization.

Mr. Drew Pearson, reporter and world traveler, addressed the delegates in an evening meeting.

## New Hospital Phone Service

A new telephone service, which was to be placed in operation before Christmas, should please all patients at Edward hospital. When the cut-over is made by the Illinois Bell Telephone Co., all patients will be able to dial direct to any number in the metropolitan area, and no charge will be made for these calls. The metropolitan area includes Naperville, Aurora, Lemont, Westmont, Downers Grove, Lisle, Wheaton, Warrenville, Batavia, and Eola. Dials have been installed on all patient phones, and they may call as often as they like. Calls outside the above outlined area will

## Woodridge Loses Another Pioneer

Promotion and transfer have again taken the toll of an early Woodridge family. Ned and Mary Hill and their 7 children, 2926 Everglade, are leaving for Burlingame, California, this week where Ned will become an engineering supervisor at the Western Electric plant there.

## Village Board News

The first meeting of the village board in 1964 was relatively quiet and sparsely attended. Mayor William Roberts called for the annual police report which was read by Chief Joel Kagann. Kagann pointed out that during 1963 better radio communications were established by obtaining 24 hour answering service through the village of Westmont. He also listed the schooling that the department had received and said that four men were added to the force. Kagann said the village is now divided into patrol zones for more effective coverage of trouble spots. Mileage figures showed that Woodridge police covered almost four times as many miles in 1963 as 1962.

## Resignations And Appointments

Mayor Roberts read a resignation he had received from Mrs. Ramona Kinser as deputy clerk. As this appointment had been made by the village clerk, he referred the letter to Mrs. Faye Hoffman. When Roberts called for the purchasing agent's report, Robert Sievert announced that he is tendering his resignation due to the additional duties that had been placed on the office. His resignation was accepted pending the appointment of his replacement.

The Mayor also presented the name of Keith C. Porter to the board for appointment as reserve police officer. The board concurred in this appointment.

## New Park Site

An escrow agreement was presented to the board for its approval. The agreement allows the village use of the new park site on 71st st. until such time as the area is platted and a recordable deed can be given to the village. The escrow assures the village that property taxes will be paid by Winston-Muss until that time.

## Finance

The finance committee asked for and got approval of an expenditure of \$155.50 for the procurement of new traffic forms required by the recent judicial amendment to the Illinois constitution. It was also necessary to establish a new bank account for the handling of bail bond monies which must be transmitted to the circuit court under the new law.

## Building And Zoning

The building and zoning committee reported that it feels serious consideration should be given to the Winston-Muss offer to sell sewer and water lines in the new area to the village. The committee has also had some discussion of a similar purchase with Woodridge Sewer and Water Co. Albert Kaufman asked to be heard so that he might clarify that the discussions had not included the sale of the sewage plant itself as this is being negotiated with the county. It was also reported that a completion bond in the amount of \$82,600 had been received to cover improvements in unit 1 of the Winston Hills subdivision.

## Deputy Clerk Office

The first ordinance of 1964 established the office of deputy village clerk. The office will be filled by appointment by the village clerk with the concurrence of the board. Discussion of the possibility of establishing an office of village comptroller ended in the board voting against the idea. The village clerk will continue to assume the duties of comptroller for the village.

## Woodridge Court Dates Set

Effective January 1, Naperville, Lisle, Woodridge, Downers Grove, Westmont and Hinsdale, comprising one of the county circuit courts, began operating under the new judicial amendment.

Woodridge court sessions will be held in the Lisle Village hall, 4740 Main at 10 a. m. every first and third Saturday with Judge Lester Reiff presiding. Other court sessions will be held in the other towns in the circuit at varying times and will be presided over by other judges.

Judge Phillip Locke was assigned to take charge of the circuits and to supervise and coordinate the activities of the magistrates. Under the judicial amendment these judges become magistrates of the new unified court system, but their pay will continue at the same rate fixed by the local units of government until the end of the terms for which they were originally elected.

The increase in number of surgical procedures being done at Edward hospital has made it necessary to expand the O. R. Dept. On Jan. 2, the second major operating room will open. With this addition, the department will consist of two major rooms, one minor, one cystoscopic, and one fracture room. Edward hospital is now averaging close to 200 surgical procedures per month. Approximately 40% of these are major cases. Nearly \$5,000 in new equipment was purchased for the additional room. One nurse anesthetist and several operating room nurses have been added to our staff in anticipation of the expansion.

## TO THE EDITOR

Dear Editor,

Have been addressing Christmas cards and find it impossible to send greetings to all our many friends and the nice people we have met and known in Woodridge. So thought a letter would be the solution.

We enjoyed our home in Woodridge so very much and we have never met any nicer people before. We had the best neighbors anywhere! I don't really think you appreciate them fully until you leave them. We shall miss our home, we know, especially in the summer--bragging about our gardens, the exchange of drinks over the fence--just everything. It was great fun!

I'm sure we'll like it out here once we get all settled. The people here seem nice and friendly too.

If any of you ever get out this way, look us up! Or if you have a free moment, drop us a line--always so nice to hear from old friends.

We sincerely wish all of you the happiest of holidays.

Dick and Max Anders  
1427 Seminole Rd.  
No. Brunswick, N. J. 08902

Dear Editor,

We are very fortunate, but few of us count our blessings. We give very little thought to things we become accustomed to. We eat bananas, grapes, oranges, apples, grapefruit, pineapple, and other products of the tropics in the dead of winter. Not only are these products available during winter months, they are perishable. In other words, these products don't grow in our part of the country. These products also spoil quickly. Still we can enjoy these things anytime.

There are so many things that come from lands all over the earth. Not only are they food or food products, they are in the clothes you wear, the car you drive. Anything you can mention--the gasoline and oil for that car may come from far off places. These things you enjoy are provided by business for profit. But regardless of the commercial part of it, actually you are living in paradise because of it.

In the olden days, life was pretty rugged. There was no air conditioning or heating plants that allowed you to set whatever temperature you wanted by turning a dial.

Today, with all the wonderful things we enjoy, there is no real happiness. Because of the cars, trains and planes, there is no real home life. This is unfortunate because the real happiness of the home is missing. In the old days the home was the place where the family lived together and worked together. The means of transportation was the horse, so going anywhere was limited accordingly.

We don't have to dispose of automobiles, TV or anything else that has been and is being developed. There is no happiness in running around--just to be on the go.

There has to be law and order. In the good old days father was the boss. Mother was in the home. Everyone worked together. Home was the place where the heart was. It was where the loved ones were. Be it ever so humble--there's no place like home. So instead of groping around looking for things to do, let us concentrate on the home and home life where the real happiness is. The children of the home can create whatever atmosphere in the home they desire; that of peace and contentment by being loving and obedient to their parents and doing what they can in and around the home. Law and order in the home provide happiness and security that cannot be found anywhere else on earth. You don't have to look for happiness elsewhere. There it is---right in the home.

Our two local bowling leagues have each qualified four entrants in the Sun-Times "Beat the Champ" competition. Al Schirmacher is walking around these days looking for all the world like one of Borden's famed contented cows (in bearing, not in build). It seems that Al coaches a little basketball on the side at Gower Junior high school. A few weeks ago, he brought his squad for a friendly match at Woodridge, and carried away everything that wasn't nailed down. Our Wildcats, with a few bad breaks, were edged 59-7. Al says that the turning point in the game was the opening center jump.

WAA prexy, Virg McPherson, called with the news of the coming WAA-sponsored boys' basketball. Every Monday night at Woodridge school beginning Jan. 13, Dick McDonough will be in charge of the dribblin' and dunkin'. Boys in 7th and 8th grade are scheduled from 7:30 to 8:30 p.m. and high schoolers from 8:30 to 9:30 p.m., at two bits per. This sounds like a real outlet for some of the pent-up winter energy.

John "Blackjack" Narducci indicates that the Athletic Association ping-pong competition is ready to roll but for lack of entrants. He asks that everybody who wants to play be at the next WAA funfest, scheduled for Tues., Jan. 14, at the village hall. Rules and regulations will be cemented and entries will be accepted.

Erlenborn, who is stressing his record of "experience-economy-efficiency" is an eight-year legislative veteran in the Illinois General Assembly where he was co-chairman of the House Economy Bloc.

A few fearless predictions for 1964: The Chicago Bears will never run an offensive play, but will bank on their defense to score all their points.

Phil Wrigley will vehemently insist that Wrigley Field will never have lights. The Woodridge Athletic Association will be forced to expand their facilities.

Somebody will fight somebody for some boxing championship, but nobody will care.

John Narducci will claim he was cheated in the ball players draft.

An award for "notable achievements in the home building industry" has been presented to Winston-Muss Corporation, the Chicago area's largest homebuilder, by I-XL Furniture Co., Goshen, Ind. manufacturer of kitchen cabinets. I-XL cited Winston-Muss, developers of Winston Park Northwest in Palatine and Winston Hills in Woodridge, for its "consistently high standards of kitchen design and kitchen equipment." Above, Joshua Muss, left, vice president in charge of Chicago area operations of Winston-Muss, accepts the award from A. C. Hamilton, vice president of I-XL.

**Police News**

Chief Kagann has issued the following on behalf of the police department as the last and first activities of the department at the turn of the year.

--Last complaint of the year was a stray dog complaint.

--First complaint of the new year at 3:05, suspicious person.

--First arrest of the new year occurred at 1:30 a.m. James A. Kalinkner, 6621 Ridge rd., Clarendon Hills, was arrested at 75th and Larchwood on the charge of having in possession in his auto an open bottle of liquor.

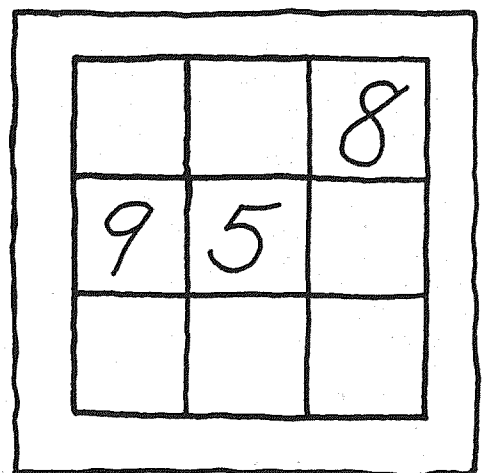

--First injured person of the new year: A man in the village cut his finger while slicing turkey.

Chief Kagann has announced that by a special Supreme Court order recently issued, the deposit of a \$25 bail bond for traffic violations in an envelope addressed to the clerk of the circuit court in the presence of the arresting officer has been disallowed in DuPage county. According to Kagann, the Supreme Court feels that DuPage county has a sufficient number of police departments able to accept the cash bond so that there will be no need to utilize the mail box procedure previously allowed.

Suddenly CHRISTMAS and the NEW YEAR are past. We realize that a whole year has passed and that means that we are a year older. We have to accept these things as milestones of life.

At the advent of the New Year, take inventory of your need. Are your eyes tired. Is the work you do difficult on your eyes causing severe eye-strain or headaches. Children often suffer from various strains that are caused because the child is growing. Helping the eyes might result in marvelous results and make work and studies so much easier. Checking on the hearing also is a good idea. The hearing too can be checked and with the hearing improved, it will be a brighter world.

**Phoebe A. Dutcher To Run Again**

"Four years ago, when I announced my candidacy for the Republican nomination for Du Page county recorder of deeds, I pledged to carry out the statutory duties of the office efficiently, economically and carefully, to keep the public trust, to serve equally all the people and to be a good representative of my political party," said Phoebe A. Dutcher recently.

"I was nominated by the Republican voters, and elected by the people of Du Page county in 1960.

"I now seek re-election. My pledge remains the same. I believe that my record in office illustrates that I keep my pledges."
