

## School Election Results

### District 68

Voting was light in last Saturday's District 68 school board election in which 4 candidates ran unopposed for 3 and 2 year terms. Charles Smeeth and Robert Murphy were elected for 3 years terms and Emil Roman and Robert Manges for 2 year terms.

The voting was as follows:

	Woodridge	Goodrich
Smeeth	49	33
Murphy	48	29
Roman	49	35
Manges	42	30

There was a total of 95 votes cast, 4 of which were defective. 9 votes were cast for various write in candidates.

### Tentative Bus Schedule Set

Joe Rojec, vice-president of the Colonial Village Civic Organization has informed the WNR that a tentative schedule has been drawn up which would provide Bluebird bus service between this area and Chicago.

The proposed schedule is as follows:

#### Morning - Monday through Friday

	1st Bus	2nd Bus
Lv. Woodridge	6:00 a.m.	7:00 a.m.
Ar. Downers Gr. (Train Station)	6:18 a.m.	7:18 a.m.
Ar. Chicago	7:00 a.m.	8:00 a.m.

Lv. Chicago	4:10 p.m.	5:10 p.m.
Ar. Downers Gr. (Train Station)	6:00 p.m.	6:30 p.m.
Ar. Woodridge	6:15 p.m.	6:45 p.m.

Rojec said a number of people in Woodridge have expressed an interest in bus service, but that more people will be needed before this service will become a reality. He advised that anyone interested should call him at 739-5567, or write to Joe Rojec, 224 Queenswood, Lemont, Illinois. He estimated that a ten ride ticket would cost about \$6.

He said that in addition to the regular bus service, a weekly 3-1/2 hour bus trip to area shopping centers during the day is under consideration.

### Jaycees Elect Officers

The Jaycees have completed the organization of the local chapter and are in the process of affiliating with the State, National, and International Junior Chamber of Commerce. Persons interested in joining the Woodridge Jaycees contact any of the officers or attend the next regular meeting to be held at 8 p.m. at the village hall Apr. 22.

### H.S. Board

Three high school board posts were filled by election April 11. Incumbents, Allen R. Campbell (1200 votes) and Mauritz E. Gahlon (1097 votes) were re-elected. Warren T. A. Geary (1097 votes) was elected to fill the position formerly held by L. Yerges.

John Hanson received a total of 824, and Edw. Tuma received a total of 460.

In the Woodridge precinct the votes were cast as follows: Campbell, 48; Gahlon, 27; Geary, 40; Hanson, 35 and Tuma, 25.

There was a total of 1,699 votes cast in the entire district. Total votes cast in the Woodridge precinct - 63.

### Former Clerk Answers Trustees Charges

The WNR contacted former village clerk Eleanor Murphy concerning statements made by Trustee Ed Redmond in regard to records of village zoning. Redmond's statements, made at the village board meeting March 31, were quoted in an article in last week's WNR.

Mrs. Murphy said, "Rather than comment in general on Trustee Redmond's remarks, I should like to answer each of his three statements separately."

"Trustee Redmond was quoted as saying, 'There is no record of the official vote on zoning matters in board meeting minutes.' This is not correct. The official vote on The Woodridge Zoning Ordinance is recorded on Page 2 of the minutes for the regular board meeting March 1, 1962 which were approved on April 5, 1962 and bound into the official minute book now in the possession of the

present village clerk.

"The second of Trustee Redmond's statements, 'There is no record of an official zoning map being published as required by law' is also incorrect. An official zoning map was published as required by law in Suburban Life newspaper in March, 1962 and a certificate of publication, signed by the president of Life Printing and Publishing Co., Inc., was turned over to the present village clerk at the time she took office.

"The third statement, 'Copies of the village zoning ordinance which supposedly were filed at the DuPage county courthouse in Wheaton cannot be located' implies that they should have been filed when, in fact, the law does not require this. I called the office of the director of the county zoning board to check on this last statement and was told that while the county appreciates receiving copies of village zoning ordinances, it is definitely not a legal requirement.

"If Trustee Redmond's conclusion that 'the village technically has no zoning whatsoever' is based solely on these three charges, then I do not believe it is an accurate one."

### Village Board News

At the adjourned village board meeting April 9, the board of trustees voted to pass an ordinance creating the office of village engineer. A new building inspection program utilizing this office is slated for beginning April 15.

### Wiggins Comments

#### On Garbage Ordinance

Trustee Marvin Wiggins issued the following statement to the WNR concerning the proposed garbage ordinance:

"The scavenger, trash and garbage ordinance has not formally been passed. (The ordinance is almost a carbon copy of the Downers Grove ordinance.) When passed, the ordinance will bring four hundred dollars a year in license fees which the village is not now getting.

The ordinance will allow for burning of papers, newspapers, and leaves. Burying of small household pets, that have died, will be allowed.

Official recognition is given to the desirability of newspaper drives. As a result no license fee will be charged worthy organizations conducting such drives. No citizen, of course, is forced to donate newspapers.

Early published reports in some outside newspapers were inaccurate probably due to misinterpretations of the legal language in the ordinance."

### Mrs. Thuerk Again WWC Head

The election of officers of the Woodridge Woman's Club now starting its 2nd year in the village was held at their April meeting.

Mrs. Hester Thuerk was reelected president; Mrs. Helen Zettler, Vice-president; Mrs. Gerry Woody, secretary; Mrs. Anne Fox, treasurer and Mrs. Louise Church, historian.

Installation of club officers will be held on May 5 at Willoway Manor in Naperville where the regular monthly meeting will be held.

### MacArthur Proclamation Issued

Wm. T. Roberts, Mayor proclaimed a period of mourning from Apr. 5 to Apr. 11, 1964 in honor of the memory of General Douglas MacArthur. All flags on public buildings within the corporate limits of the Village of Woodridge were flown at half mast.

### Guess Who?

Pictured above is the "Woodridge News Review Hootenanny Combo", the Woodridge version of the Beatles shown during their performance at the WNR's "beatnik" party on Apr. 4. Members of the "combo" are L. to R. Don Jeffrey, Bob Murphy, Carl Warner and Bob Bonk.

221 citizens took advantage of the DuPage County Mobile X-ray unit which was sponsored in the village by the Woodridge Woman's Club, reported Mrs. Barbara Krask, Chairman of the T.B. Committee. "We were pleased to see such a fine turnout and hope to again sponsor the unit next year as one of our community projects" she said. Mrs. Krask added that she would like to publicly thank the Woodridge Jaycees for their assistance in delivering brochures regarding the unit door to door and for supplying an electrician to disconnect the X-ray mobile; Chief Joel A. # TO THE EDITOR

Dear Editor:

Recently a group of young men formed an organization to be of civic service to the community in which they live. Realizing that a group with a purpose is much stronger than a number of individuals, they decided to combine their ideas and efforts and work together for the betterment of our community. This group, the Woodridge Junior Chamber of Commerce, has completed preliminary action to affiliate the chapter with the state, national and international Junior Chamber of Commerce.

The purpose of this organization as outlined in the recently adopted constitution, "shall be civic service through the organized efforts of the young men of the community, and also to promote the welfare of the community and its citizens through active and constructive projects."

Membership in the Jaycees is open to any young men between the ages of 21 and 35 inclusive. Anyone interested in obtaining information about the Jaycees or wanting to become a member, please contact me.

Dick Schmidt  
Secretary, Woodridge Junior Chamber of Commerce

Dear Editor:

I agree most hardly with Police Chief Kagann when he requests motorists to be careful of children dashing into the street. However, I would like to point out that accidents can happen. Once more, they are sometimes caused. Not by the lack of a motorist's carefulness, but by the actual boldness of the children; by the lack of education of the children.

Many times a child will defy a motorist by jumping in front of a car to see if he can make the motorist stop. A child will throw stones at a car, deliberately walk in the middle of the road, or even try to hit the car with his hands as the car passes.

A brake line in the car may suddenly break; a motorist might be frightened by the sudden thud of a hand hitting the back of his car and brake suddenly; a stone might shatter his windshield causing the motorist to swerve. All of those things could result in a maimed or dead child. Why? Why?

I ask the motorist to please be careful, but I also ask that parents, yes you parents, to plead, threaten, scold, punish, anything, but to please educate your children. Educate them that they should watch, look, listen for cars. That they should not be the cause and maybe the result of an accident.

No driver wants the guilt of having hurt or maybe killed a child and we're sure no parent wants his child the one to be hurt or killed. Remember parent, you too can be the cause of such an accident not just "The Careless Motorist".

### JOKES

A man who imagined he had all sorts of physical ailments rushed into his doctor's office one day to inform the doctor that he had a fatal liver disease.

"Nonsense," the doctor told him. "You wouldn't know whether you had that or not. With that disease there is no discomfort, no pain of any kind."

"I knew it," gasped the hypochondriac. "My symptoms exactly."

**A Fireman's Lament**

Washington has its troubles,  
Hollywood has its charms,  
But leave it to the Woodridge volunteers  
To get those false alarms.

They can laugh and jeer, and call us names,  
And think that we are playing games,  
But when disaster comes and leaves you tears,  
Just put in a call for the volunteers.

When flames awake you in the night  
And leave you in alarm,  
Just call the local firehouse;  
We boys answer all alarms.

When a car comes speeding down the street  
With blue light flashing off and on,  
Just give it room, and say a prayer  
That its another false alarm.

**"Let There Be Light"**

Full headlights are now required to be used by Illinois motorists at any time between sunset and sunrise and any other time when visibility is so limited as to require the use of lights for safety. Chief Joel A. Kagann said today that these two requirements pertaining to use of full headlights and extending the time during which they must be used became effective July 1, 1963.

"Many drivers apparently still do not realize that a new law prohibits the display of parking lights on a vehicle while it is being driven unless the driving lights are also turned on," he noted, meaning that drivers may not use only parking lights during the twilight or early morning hours.

The new law also broadens the periods during which headlights must be displayed. Formerly the law provided that headlights and taillights visible for at least 500 ft. must be operated during the period from sunset to sunrise.

The new law provides that drivers must also use their headlights not only during the period from sunset to sunrise but also during any other time when visibility is so limited as to require the use of lights for safety, he said.

The state also requires that every bicycle ridden on a street or highway during the time from sunset to sunrise must be equipped with a lighted headlight and taillight. The bicycle headlight must be visible for at least 500 ft. and must be white, yellow or amber. The taillight must also be visible for at least 500 ft. and must be red.

**Mental Health Drive  
Volunteers Needed**

The 1964 Bell-Ringer campaign to raise funds to continue the work and services of the DuPage County Mental Health Society will coincide this year with that of the state and national organizations from April 26 to May 2.

Tribute will be made especially to the late President Kennedy who so sincerely undertook a personal championship of the cause of the mentally ill.

President Kennedy, right up to the eve of his death in Dallas on Nov. 22 when the bullet of an apparently mentally deranged assassin took his life, urged the nation to join in the continuing crusade of the Mental Health Society.

Local chairman of the DuPage County Bell-Ringer, Clyde Weaver of Villa Park, comments, "The dollars you contribute to the mental health drive do a big and needed job." Weaver points out, "They support research aimed at effective treatment, cure and prevention of mental illness; they support the patient in the hospital and afterward; and through mental health education, they help reduce public misunderstanding about this problem."

"Volunteers are urgently needed to help in the collection of donations during the week of April 26 and to carry this message to all DuPage county residents," Weaver says. "We ask that they call the fund drive headquarters at HO 9-4342 to volunteer their services."

In addition to the staff there are several members who serve on the Christian Education Committee. They were responsible for the evening's dinner and program: Bobbie Munsterman; Judy Redfield; Janice Stewart; and Janet Swanson. The Rev. Eldred H. Trede, assitant to the President of the Illinois Synod, Lutheran Church in America, was the featured speaker.

Sunday, April 19, James Frerichs of Augustana College, Rock Island, Illinois, will be the preacher at the 9:30 and 11 a. m. Services. Due to illness he was unable to speak on April 5. Mr. Frerichs represents the Augustana Association for Missionary Advancement.

Wednesday evenings at 8 p. m. a leadership course on Church doctrine is being taught by Pastor John E. Swanson at the Lutheran Parsonage, 2735 75th st.

Pastor Swanson is also conducting a Pastor's Information Class on Sundays at 8 p. m. at the parsonage for people who are interested in studying the Christian faith.

The calendar says spring is here and lately the weather is going along with the calendar. Now from Mrs. Michel's 4th grade the children tell us about "Spring".

Feel the soft warm breeze  
Full of the spring mist  
See the sparkling dew falling on  
the lilies white  
Hear the birds chirping and the  
babbling brook  
Smell the perfume of spring flowers  
Hold close this magic season!

by: Dorothy Baker

Walking in the morning dew,  
Wading in the stream, so blue,  
Brings special joyess onto you.  
Looking into pale sky,  
Watching flocks of birds go by,  
Hearing the robins cheerful call,  
Brings happiness to all.

## IT'S ELEMENTARY

by: Mary J. Clark

First things first, and this applies to grades! Since Easter vacation I guess everyone's a little more rested (?) and refreshed (?).

Anyway, Mrs. Souerby, first grade teacher, clued me in on the fact that a miracle has occurred! Maybe it's Spring Fever, but anyway, the kids seem to have developed a sudden interest in reading, and are raiding the bookshelves constantly. Now that is a miracle, if you know first graders.

Mrs. Miley's room is doing an umbrella project, where they are making paper umbrellas, almost lifesized!

Miss Rathje's second grade is doing a host of things - an April calendar, large, lifesized kites suspended from the ceiling, and a paper "Village of Woodridge," where each child has drawn, colored, and cut out a picture of his house, and pasted it to a large paper background, complete with roads, lawns, and even a paper Woodridge School, complete with flag and flagpole!

Mrs. Moravec's class is being smart - they're combining their art and science with their bird project. The kids are, at present, drawing pictures and writing things about our fine feathered friends.

Mrs. Garner's room put up pictures, etc., concerning the late General Mac Arthur, as a tribute to a great man.

The prizes for the "most magazine sales" were recently awarded to Shifra Werch and Bob Geils. Miss Peter's room topped all others in magazine sales.

Our seventh graders will make a trip to Independence Hall in Chicago today.

As promised, I now announce the winners of the ping-pong tournament. The honored ones are Tom Rietz (notice he's an eighth grader) in the winners' bracket and Chuck Bill in the losers' bracket. The trophy will be awarded at an assembly in May.

Speaking of sports, I hope you attended the parent-teacher get-together at Mar-ecker School last Monday. Although we didn't have much to show as far as basketball was concerned, I'm sure we'll do better in baseball. By the way, I hear our first game is April 15. Don't forget!

We also have another honored member at Goodrich School. That person is Janet Palmer, who is validictorian. Winning this honor by only 3 points, she topped three other students who ran neck and neck; Cindy Kettell, Barbara Gahivier, and yours truly. She will write on the class motto, "One Step Beyond." Congratulations!

8th Grade Car Wash every Saturday 12 noon until ? Service Entrance at Woodridge School - weather permitting.

## "Your Chief Says"

To prevent needless and heart-breaking injury and death to children, all drivers should remember this cardinal rule of traffic safety---children should be seen, not hurt.

Kagann also cautioned parents to teach their children to instill in them the safety rules of walking and playing. Children must learn to cross only at intersections, not in the middle of the block; to walk across streets, running is dangerous; to play only where it is safe, playing in the street is unlawful.

"Parents, teach your children never to step into the street from between parked cars. Impress children that they should be seen, not hurt." Rules of traffic safety should become second nature to children, he said, reminding parents that children easily forget safety measures. Unfortunately, not all children have been taught rules of traffic safety, but even those who have are still children. Drivers should remember that children have a tendency to forget and should watch for a child to dash into the street. Kagann said: "Remember, to protect our children, follow this cardinal rule of traffic safety: children must be seen---not hurt."
